Ms. Marija Tresoglavic
Acting Commission Secretary and Manager
Regulatory Support
British Columbia Utilities Commission
Suite 410, 900 Howe Street
Vancouver, BC V6Z 2N3

Dear Ms. Tresoglavic:

**RE: British Columbia Utilities Commission (BCUC or Commission)
British Columbia Hydro and Power Authority (BC Hydro)
Biomass Energy Program Energy Supply Contracts – Howe Sound Green
Energy**

BC Hydro writes to file with the Commission an energy supply contract in accordance with section 71(1)(a) of the *Utilities Commission Act (UCA)*, and pursuant to the Government of B.C.'s Direction to the British Columbia Utilities Commission Respecting the Biomass Energy Program (Order in Council No. 158 issued April 1, 2019, BC Reg. 71/2019) (**Direction**). The energy supply contract is as follows:

- An agreement dated November 10, 2020, between BC Hydro and Howe Sound Pulp and Paper Limited Partnership for its Howe Sound Green Energy Facility.

This agreement (referred to as the **Biomass Electricity Purchase Agreement**) is an "energy supply contract" as defined in section 68 of the UCA. Under section 71(1)(a) of the UCA and section 1.1.2 of the British Columbia Utilities Commission Rules for Energy Supply Contracts for Electricity (the **Rules**), adopted by Commission Order No. G-61-12, energy supply contracts shall be filed with the Commission within 60 days of entering into the contract.

This filing includes two attachments:

- Attachment A –Government of B.C.'s Direction to the British Columbia Utilities Commission Respecting the Biomass Energy Program (Order in Council No. 158 issued April 1, 2019, BC Reg. 71/2019); and
- Attachment B – Agreement dated November 10, 2020, between BC Hydro and Howe Sound Pulp and Paper Limited Partnership for its Howe Sound Green Energy Facility.

The Biomass Electricity Purchase Agreement is a “biomass contract” within the meaning of the Direction because:

1. The Howe Sound Green Energy Facility is a “biomass facility” as defined under the Direction,
2. The Biomass Electricity Purchase Agreement for the Howe Sound Green Energy Facility was entered into on November 10, 2020, which is “between April 1, 2019 and December 31, 2021” as specified by paragraph (a) of the definition of “biomass contract” in the Direction, and
3. The Biomass Electricity Purchase Agreement does one or both of the following:
 - “(i) establishes the terms and conditions under which electricity generated at the biomass facility is sold to the authority;
 - “(ii) establishes the terms and conditions under which electricity generated at the biomass facility is used to supply a portion of a customer’s load or to reduce a portion of a customer’s electricity purchases.”

Accordingly, pursuant to section 3 of the Direction, the BCUC may not exercise its powers under section 71 (1) (b) or (3) of the UCA respecting the Biomass Electricity Purchase Agreement included with this filing.

Confidentiality

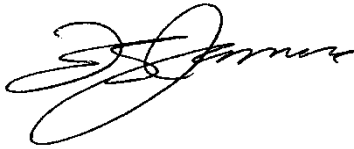

BC Hydro is of the view that key or specific commercial terms and conditions relating to the Biomass Electricity Purchase Agreement are commercially sensitive and the public disclosure of such information will harm BC Hydro’s negotiating position with respect to further electricity purchase agreements. Certain information in the Biomass Electricity Purchase Agreement is also considered commercially sensitive to the respective biomass facility owner. BC Hydro has thus redacted in its entirety the Biomass Electricity Purchase Agreement from the public version of the Filing.

As provided by section 42 of the B.C. *Administrative Tribunals Act* and Part IV of the British Columbia Utilities Commission’s Rules of Practice and Procedure, and consistent with the Commission’s previous practice, BC Hydro requests that the Commission keep the above noted information confidential as it is commercially sensitive to BC Hydro, and the counter-party, and if publicly disclosed may compromise BC Hydro’s negotiating position with respect to other electricity purchase agreements.

**DIRECTION TO THE BRITISH COLUMBIA UTILITIES
COMMISSION RESPECTING THE BIOMASS ENERGY
PROGRAM**

Definitions

1 In this direction:

“Act” means the *Utilities Commission Act*;

“biomass contract” means

(a) a contract in respect of a biomass facility that the authority enters into between April 1, 2019 and December 31, 2021, if the contract does one or both of the following:

(i) establishes the terms and conditions under which electricity generated at the biomass facility is sold to the authority;

(ii) establishes the terms and conditions under which electricity generated at the biomass facility is used to supply a portion of a customer’s load or to reduce a portion of a customer’s electricity purchases, and

(b) an amendment to a contract referred to in paragraph (a).

“biomass facility” means the following facilities:

(a) Armstrong Wood Waste Co-Generation;

(b) NWE Williams Lake Wood Waste;

(c) Skookumchuck Power;

(d) PGP Bio Energy;

(e) Celgar Green Energy;

(f) Howe Sound Green Energy;

(g) Powell River Generation;

Application

2 This direction is issued to the commission under section 3 of the Act.

Biomass contracts

3 The commission may not exercise its powers under section 71 (1) (b) or (3) of the Act respecting applicable biomass contracts.

Rates

4 In setting rates for the authority, the commission may not disallow for any reason the recovery in rates of the authority’s costs with respect to a biomass contract.

Tariff

5 (1) The commission must set as a rate the rate schedule that is attached to this direction as Appendix 1 within 10 days of receiving an application from the authority for the commission to do so.

- (2) The commission may not cancel, suspend or amend the rate set under subsection (1), except on application by the authority.
