

## Construction Notice – Electrical Upgrade Work

### 150 Street – 170 Street, Fraser Highway in Surrey

April 25, 2024

We're working closely with the Surrey Langley SkyTrain Project team to accommodate the rapid transit extension from Surrey to Langley. This work includes modifications to some of our existing infrastructure and the installation of new utility poles along Fraser Highway, between 150 Street and 170 Street in Surrey.

From now through the end of June, crews will install poles, pole equipment, and power lines using trucks and heavy machinery. Please see page two for a map of the work area.

**Where:** Fraser Highway, between 150 Street and 170 Street in Surrey..

**When:** Now through the end of June 2024.

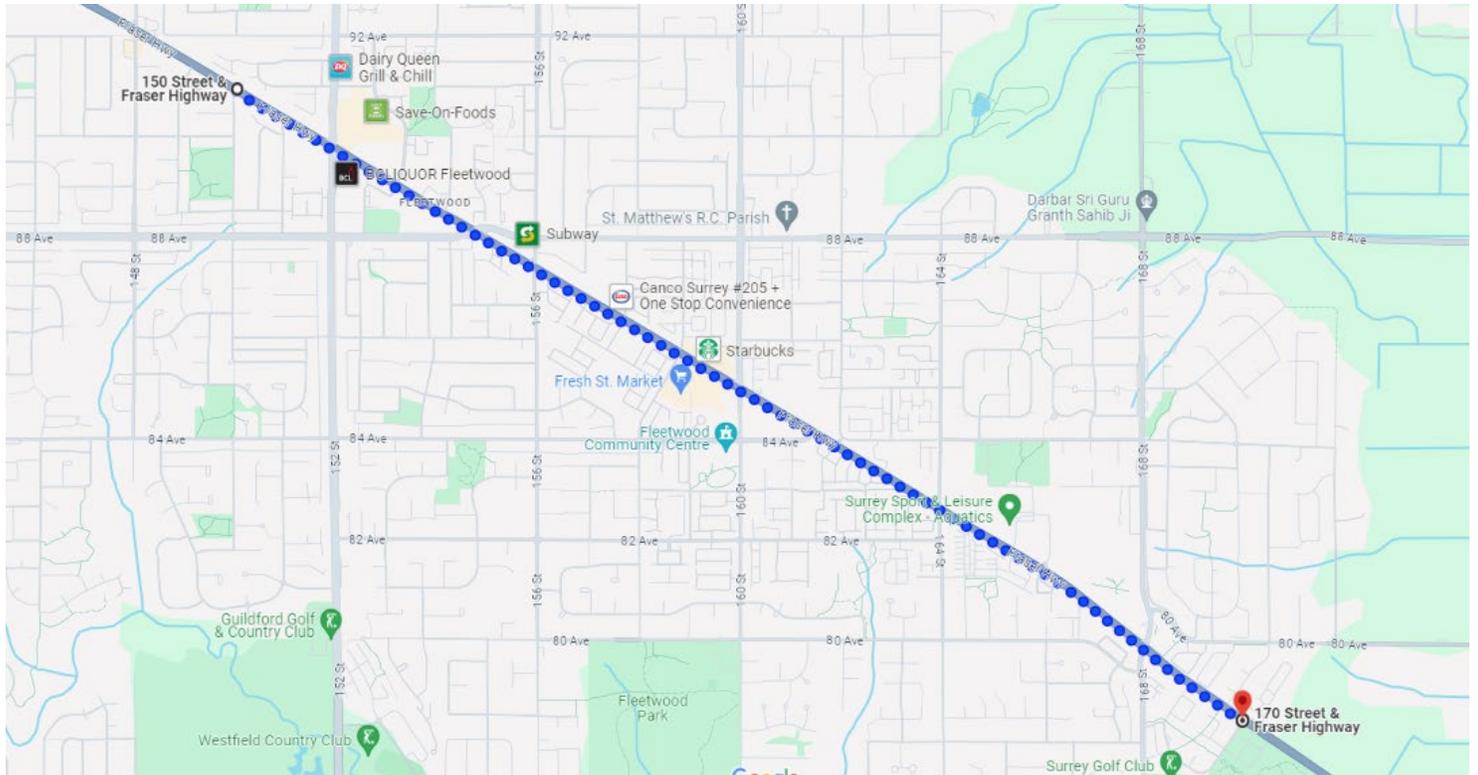

**Hours:** Monday to Friday, 7 a.m. to 7 p.m & some Saturdays as required.

Safety is our top priority. This work may result in noise and temporary traffic pattern changes. Please adhere to traffic management on site. To ensure everyone's safety, we advise drivers to reduce their speed in the construction zone and follow the directions of traffic control personnel and posted signage.

This project will ensure that we can continue to provide safe and reliable power to residents and businesses in the Lower Mainland and allow for the safe construction of the SkyTrain around the power lines.

If you have any questions or would like more information about our work to relocate the power lines and equipment, please contact us at 1-866-647-3334. Look for additional updates at [www.bchydro.com/skytrain](http://www.bchydro.com/skytrain).

For inquiries directly related to the SkyTrain extension project, please contact [surreylangleyskytrain@gov.bc.ca](mailto:surreylangleyskytrain@gov.bc.ca)
