

## Notice of Vegetation Work in Surrey

### 148 Street to 168 Street

January 8, 2024

Dear Neighbour,

We're working closely with the Surrey Langley SkyTrain Project team to accommodate the new rapid transit extension. In mid-January, we'll begin vegetation pruning and clearing work along Fraser Highway between 148 Street and 168 Street in Surrey.

This project will ensure that the lines continue to provide safe and reliable power to residents and businesses in the Lower Mainland and allow for the safe construction of the SkyTrain around the power lines.

**Where:** Fraser Highway from 148 Street to 168 Street in Surrey

**When:** January 15 to February 15, 2024.

**Hours:** Monday to Friday, 7 a.m. to 5 p.m.

Skilled workers employed/contracted by BC Hydro are trained in both electrical safety and tree care. Trees will be pruned using the best arboriculture (tree care) techniques to eliminate any safety hazards.

Plans for vegetation pruning and vegetation work have been shared with the City of Surrey. For trees on private property, vegetation crews will work directly with property owners to discuss the planned work.

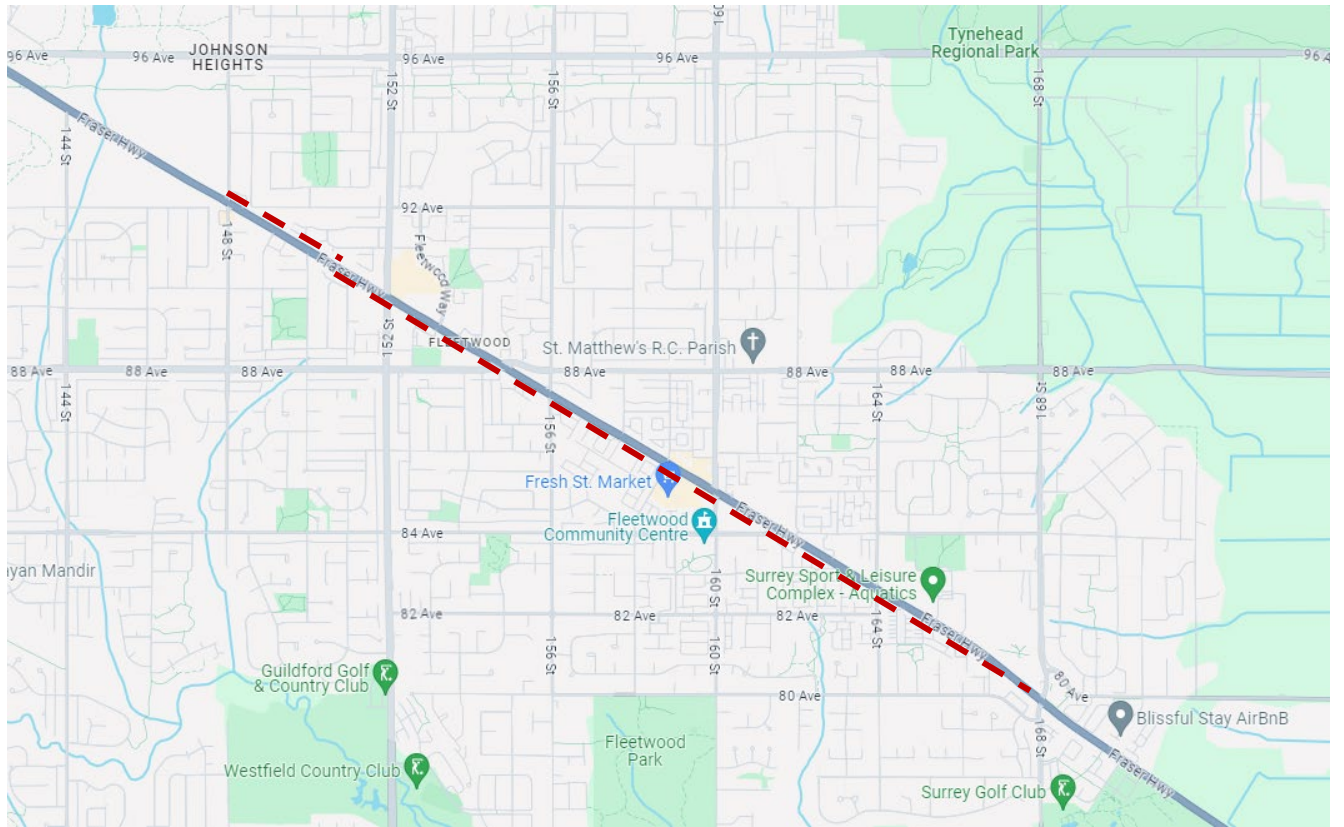

See page two for a map of the work area.

This work may require temporary traffic pattern changes. Please adhere to traffic management on site. To ensure everyone's safety, we advise drivers to reduce their speed in the construction zone and follow the directions of traffic control personnel and posted signage.

If a planned power outage is required as part of this project, you will receive a separate notification.

If you have any questions or would like more information about our work to relocate the power lines and equipment, please contact us at 1-866-647-3334. Look for additional updates at [www.bchydro.com/skytrain](http://www.bchydro.com/skytrain).

For inquiries directly related to the SkyTrain extension project, please contact [surreylangleyskytrain@gov.bc.ca](mailto:surreylangleyskytrain@gov.bc.ca)
