

# Employee Energy Awareness

## YOUR EMPLOYEES CAN BE YOUR BEST ENERGY EFFICIENCY RESOURCE.

We've created a variety of free materials designed to encourage employee awareness around energy efficiency.

### Here's what we offer

- **Planning guide**—This downloadable guide will help you plan your campaign and engage your employees in workplace energy efficiency.
- **Posters**—These downloadable posters raise awareness for efficiency topics, including high-consumption systems like compressed air, lighting, pumps, fans and blowers.
- **Stickers**—These point-of-use stickers remind your team to report inefficient equipment.
- **Tips & tools cards** —These question-and-answer cards are invaluable for education at crew meetings, covering both introductory and advanced topics.
- **Compressed air leak tag kit**—This comprehensive kit includes tools to help your employees identify and report compressed air leaks at your facility.

You can find an employee energy awareness planning guide and posters on our website, the rest of the tools can be ordered through your Key Account Manager or Business Energy Advisor.

### Let's talk

To find out more, contact your [Key Account Manager](#) or [Business Energy Advisor](#), or call

**604 522 4713** Lower Mainland  
**1 866 522 4713** elsewhere in B.C.
