Public consultation: Transmission Line Relocation George Massey Tunnel

November 2 to November 20, 2015

In September 2013, the Province of B.C. announced that the George Massey Tunnel will be replaced with a new bridge. One of our transmission lines runs through the tunnel so we need to relocate it. We're studying conceptual designs for three alternatives for relocating the existing transmission line out of the tunnel:

ALTERNATIVE 1: An overhead transmission line crossing the Fraser River

ALTERNATIVE 2: An underground transmission line running under the Fraser River

ALTERNATIVE 3: A transmission line located on the new bridge

HOW YOUR INPUT WILL BE USED

What we hear from you during consultation about the three alternatives, along with input from First Nations, and our study results, will be considered as we determine a preferred alternative.

Provide feedback and learn more from November 2 to November 20, 2015 by:

- ✓ Coming to an open house or small group meeting
- ✓ Completing an online feedback form: bchydro.com/gmtt (available November 2)
- ✓ Emailing us: stakeholderengagement@bchydro.com
- ✓ Visiting our website: bchydro.com/gmtt

SMALL GROUP MEETING SCHEDULE

To attend a small group meeting please RSVP by emailing stakeholderengagement@bchydro.com or calling 604 623 4472, with your name, contact information and the meeting you'd like to attend.

DATE	TIME	LOCATION
November 3	10:00 a.m. to 12:00 noon	Delta Town & Country Inn 6005 Hwy 17A, Delta
	1:00 p.m. to 3:00 p.m.	
November 4	10:00 a.m. to 12:00 noon	

PUBLIC OPEN HOUSE SCHEDULE

Attend an open house to provide your feedback and learn more (no RSVP is required).

DATE	TIME	LOCATION
November 3	5:00 p.m. to 8:00 p.m.	Delta Town & Country Inn
