

West Kelowna Transmission Project

Alternative routes shown are conceptual.

Come see what we're studying!

We're planning for a new secondary transmission line, to strengthen the transmission network delivering clean, reliable electricity to West Kelowna and Peachland. We're currently looking at three alternatives with options and will identify one alternative later this year to focus our studies on. Before then, you can join us at an open house to hear what we've learned so far and share your feedback.

You can drop in anytime between 5:00 p.m. and 8:00 p.m. on:

Mon, June 20, 2016 – Peachland

Peachland Community Centre
4450 6th St, Peachland

Tues, June 21, 2016 – West Kelowna

Westbank Lions Community Centre
2466 Main St, West Kelowna

Wed, June 22, 2016 – Kelowna

Coast Capri Hotel
1171 Harvey Ave, Kelowna

Thurs, June 23, 2016 – Vernon

Vernon Atrium Hotel & Conference Centre
3914 32nd St, Vernon

Can't make it?

Contact us at **1 866 647 3334** or **stakeholderengagement@bchydro.com**, or visit **bchydro.com/wktp** to find out about the project and how to share your input.

Collaboration with the Okanagan Nation and other First Nations is underway. Stakeholder engagement activities with local governments in the project area are ongoing.
