

2002

**CUSTOMER-BASED GENERATION**

**CALL FOR TENDERS**

**REVISED TENDER FORM**

**(Revised 17 February 2003)**

**ATTACHMENT C**

**CONTRACTED CAPACITY**

**(EPA Appendix 2)**

**BIDDER:**

**PROJECT:**

The Contracted Capacity for each hour in each month of each year during the Term is the amount expressed in MWh/h, equal to the applicable percentage (in Part II of this Appendix 2) of the applicable amount in Part I of this Appendix 2 where Year 1 commences at COD.

**Part I**

**Average Annual Contracted Capacity (In completing this Table note the allowances set out in the Standard EPA for the calculations of Monthly Capacity Factor LDs and Annual Capacity Factor LDs).**

*[Note – Right hand column of table to be completed only by bidders electing to take the Hydrology Adjustment and who have no GBL. The right hand column will not be included in the EPA for those bidders that do not elect to take the Hydrology Adjustment or for any bidders that have any GBL.]*

Year	Average Annual Contracted Capacity (MWh/h)	Where there is no GBL only, years in which the Contracted Capacity represents the expected full output of the Seller's Plant (Mark with an "X")
