Mr. Robert J. Pellatt
Commission Secretary
British Columbia Utilities Commission
Sixth Floor – 900 Howe Street
Vancouver, BC V6Z 2N3

Dear Mr. Pellatt:

**RE: British Columbia Hydro and Power Authority (BC Hydro)
Net Metering Monitoring and Evaluation Report
Rate Schedule 1289 (the Report)**

In the Report filed on June 1, 2005, BC Hydro recommends changing the criteria for when site acceptance verification is required. BC Hydro also, for clarification, refers to the site inspection by a BC Hydro Protection and Control Technician as “site acceptance verification”.

Commission letter L-42-05 requests that BC Hydro file for approval with the Commission revised tariff pages reflecting the above changes. BC Hydro hereby seeks Commission approval for the change to Special Condition 1 of Rate Schedule 1289 to reflect the change in when a site acceptance verification is required and to the Schedule of Standard Charges to reflect the change in terminology from “Site Inspection Fee” to “Site Acceptance Verification Fee”.

Please find enclosed two copies of tariff page B-38, revision seven and two copies of tariff page C-37-16, revision one for approval by the Commission. Please return one copy to BC Hydro for our files.

Yours sincerely,

Tony Morris
Acting Chief Regulatory Officer
