Mr. Robert J. Pellatt
Commission Secretary
British Columbia Utilities Commission
PO Box 250
600 – 900 Howe Street
Vancouver, BC V6Z 2N3

Dear Mr. Pellatt:

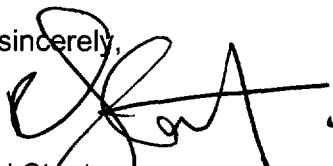

**RE: British Columbia Hydro and Power Authority (“BC Hydro”)
Call for Tenders for Capacity and Associated Energy supply on Vancouver
Island (“CFT”)
Electricity Purchase Agreement (“EPA”)
VIGP Transfer Agreement (“VTA”)**

Pursuant to the British Columbia Utilities Commission’s (the “Commission”) letter of 10 November 2004 and Order G-99-04 BC Hydro encloses:

- the EPA and VTA executed agreements which are confidential and are not for public dissemination (one copy)
- Report on the CFT process conducted by BC Hydro describing the process that led to the selection of the Duke Point Power Project (20 copies)

The EPA and VTA which will be posted on BC Hydro’s website are model agreements and contain provisions that are applicable to different technologies and project designs. Duke Point Power’s tender contains selections that make certain provisions in the model agreements inapplicable. Those provisions that are not applicable pursuant to Duke Point Power’s tender are deleted in the executed EPA and VTA filed with the Commission.

Yours sincerely,

Richard Stout
Chief Regulatory Officer
