

## SCHEDULE B

### Redacted Information Requests

#### Accenture-Related

BCUC IR No. 1.92.0: Portions of the January 2003 Updated Business Case have been redacted for reasons related both to BC Hydro's confidentiality obligations (on pages 3, 6, 16, 17, 24, 25, 28, 29, 32, and 34) and because disclosure of some information could harm BC Hydro's competitive position with Accenture (pages 7, 23, 27, and 31). In addition portions of the "supporting memo" have been redacted for reasons related to BC Hydro's confidentiality obligations (page 2), and names of survey-respondents in the Briefing Note have been redacted as the survey-respondents were advised that their names would be kept confidential.

BCUC IR No. 1.93.1: Pricing provision portions of Attachment E to the Master Service Agreement have been redacted for reasons related to BC Hydro's confidentiality obligations (pages E-1 to E-5).

BCUC IR No. 1.94.1: The disaggregated ABS base costs and the small table at the bottom of the second page (relating to pricing information) have been redacted for reasons related to BC Hydro's confidentiality obligations.

BCUC IR No. 1.94.2: The disaggregated (by year) minimum aggregate spend figures for F2007 to F2013 have been redacted from the table for reasons related to BC Hydro's confidentiality obligations.

BCUC IR No. 1.95.1: ABS base costs and fully loaded costs (again, relating to pricing provisions) have been redacted from the six-page spreadsheet for reasons related to BC Hydro's confidentiality obligations.

BCUC IR No. 1.96.0: Disaggregated savings have been redacted from the first table presented in this response for reasons related to BC Hydro's confidentiality obligations, and disaggregated figures in the net income impact table have been redacted because disclosure of the disaggregated information could harm BC Hydro's competitive position with Accenture.

#### Litigation/Negotiation-Related

BCUC IR No. 1.5.60: The Facility Asset Plan for Peace River Generation has been redacted to protect BC Hydro's interests in matters currently in litigation or under negotiation.

BCUC IR No. 1.75.1: The Situation Analyses for BC Hydro Generation and BC Hydro Distribution have been redacted to protect BC Hydro's interests in matters currently in litigation or under negotiation.
