

PUBLIC AND STAKEHOLDER CONSULTATION

Project Definition Consultation, Round 1

Report: 5. BC Hydro Peace River Site C Project: Project Definition Consultation Round 1 Discussion Guide and Feedback Form: May/June 2008

Prepared by: BC Hydro

Summary: The first round of consultation was designed to consult local, regional and provincial stakeholders on Project Definition Consultation topics.

Project Definition Consultation, Round 1, sought feedback on elements of project design, recreation, infrastructure, local impacts, land uses and community benefits. These topics were selected due to their importance to communities and stakeholders, as indicated during Pre-Consultation.
