

POWER SMART PRODUCT INCENTIVE PROGRAM ALL ELIGIBLE PRODUCTS

EFFECTIVE SEPTEMBER 21, 2009

The Product Incentive Program provides financial incentives to organizations who replace inefficient products with energy-efficient technologies or add on products to existing systems to make them more efficient. Not all products are eligible. Please consult the BC Hydro web site at bchydro.com/incentives for all program policies, eligible products and performance criteria before purchasing products.

For more information, call 1 866 522 4713.

LINEAR FLUORESCENT LIGHTING

Existing Technology	Product Replacement Description	Incentive (\$)	
Fluorescent T12 Magnetic Ballast			
2' 1 lamp T12 magnetic ballast	Standard T8s Standard T8 – 1 lamp fixture with ballast	\$5	
	Standard T8 – 2, 1 lamp fixtures sharing one ballast (tandem wired)	\$15	
2' 2 lamp T12 magnetic ballast	Standard T8s Standard T8 – 2 lamp fixture with ballast	\$15	
	Standard T8 – 2, 2 lamp fixtures sharing one ballast (tandem wired)	\$30	
2' 4 lamp T12 magnetic ballast	T5 Luminaires 2' 2 lamp T5 Luminaire	\$70	
	2' 1 lamp T5 HO Luminaire	\$75	
	2' 1 lamp TT5 (40 W) Luminaire	\$60	
	2' 1 lamp TT5 (50 W) Luminaire	\$30	
	2' 2 lamp TT5 (25 W) Luminaire	\$30	
3' 1 lamp T12 magnetic ballast	Standard T8s Standard T8 – 1 lamp fixture with ballast	\$10	
	Standard T8 – 2, 1 lamp fixtures sharing one ballast (tandem wired)	\$35	
3' 2 lamp T12 magnetic ballast	Standard T8s Standard T8 – 2 lamp fixture with ballast	\$20	
	Standard T8 – 2, 2 lamp fixtures sharing one ballast (tandem wired)	\$50	
4' 1 lamp T12 magnetic ballast	Energy Saver T8s Energy Saver T8 – 1 lamp fixture with ballast	\$15	
	Energy Saver T8 – 2, 1 lamp fixtures sharing one ballast (tandem wired)	\$35	
	Energy Saver T8 – 1 lamp fixture dimmable ballast with control	\$20	
	Standard T8s Standard T8 – 1 lamp fixture with ballast	\$10	
	Standard T8 – 2, 1 lamp fixtures sharing one ballast (tandem wired)	\$25	
	Standard T8 – 1 lamp fixture dimmable ballast with control	\$15	
	LED Linear LED Linear – 1 lamp fixture	\$25	
	4' 2 lamp T12 magnetic ballast	Energy Saver T8s Energy Saver T8 – 2 lamp fixture with ballast	\$25
		Energy Saver T8 – 2, 2 lamp fixtures sharing one ballast (tandem wired)	\$50
		Energy Saver T8 – 1 lamp fixture with ballast (overlit area)	\$40
Energy Saver T8 – 2 lamp fixture dimmable ballast with control		\$35	
Standard T8s Standard T8 – 2 lamp fixture with ballast		\$15	
Standard T8 – 2, 2 lamp fixtures sharing one ballast (tandem wired)		\$40	
Standard T8 – 1 lamp fixture with ballast (overlit area)		\$30	
Standard T8 – 2 lamp fixture dimmable ballast with control		\$30	
LED Linear LED Linear – 2 lamp fixture		\$40	
LED Linear – 4' 1 lamp fixture (overlit area)		\$50

ORNAMENTAL STREET LIGHTING

Existing Technology	Product Replacement Description	Incentive (\$)
High Pressure Sodium 100 W	70 W Energy Efficient High Pressure Sodium with Flat Lens	\$50
	Flat Lens Induction Luminaire ≤ 80 W	\$65
150 W	100 W Energy Efficient High Pressure Sodium with Flat Lens	\$100
	Flat Lens Induction Luminaire ≤ 130 W	\$65
200 W	150 W Energy Efficient High Pressure Sodium with Flat Lens	\$100
	Flat Lens Induction Luminaire ≤ 130 W	\$115
250 W	150 W Energy Efficient High Pressure Sodium with Flat Lens	\$150
	200 W Energy Efficient High Pressure Sodium with Flat Lens	\$100
	Flat Lens Induction Luminaire ≤ 180 W	\$115
400 W	250 W Energy Efficient High Pressure Sodium with Flat Lens	\$250

POWER SMART PRODUCT INCENTIVE PROGRAM ALL ELIGIBLE PRODUCTS

The Product Incentive Program provides financial incentives to organizations who replace inefficient products with energy-efficient technologies or add on products to existing systems to make them more efficient. Not all products are eligible. Please consult the BC Hydro web site at bchydro.com/incentives for all program policies, eligible products and performance criteria before purchasing products.

For more information, call 1 866 522 4713.

ORNAMENTAL STREET LIGHTING

Existing Technology	Product Replacement Description	Incentive (\$)
Metal Halide 100 W	70 W Energy Efficient Metal Halide with flat lens	\$50
	75 W Energy Efficient Metal Halide with flat lens	\$50
	70 W Energy Efficient High Pressure Sodium with flat lens	\$50
	75 W Energy Efficient High Pressure Sodium with flat lens	\$50
	Flat Lens Induction Luminaire ≤ 80 W	\$65
150 W	100 W Energy Efficient Metal Halide with flat lens	\$80
	100 W Energy Efficient High Pressure Sodium with flat lens	\$80
	Flat Lens Induction Luminaire ≤ 130 W	\$65
175 W	150 W Energy Efficient Metal Halide with flat lens	\$20
	150 W Energy Efficient High Pressure Sodium with flat lens	\$20
	Flat Lens Induction Luminaire ≤ 110 W	\$115
250 W	175 W Energy Efficient Metal Halide with flat lens	\$100
	150 W Energy Efficient High Pressure Sodium with flat lens	\$130
	Flat Lens Induction Luminaire ≤ 180 W	\$115
Mercury Vapour 175 W	100 W Energy Efficient Metal Halide with flat lens	\$120
	100 W Energy Efficient High Pressure Sodium with flat lens	\$120
	Flat Lens Induction Luminaire ≤ 110 W	\$85
250 W	150 W Energy Efficient Metal Halide with flat lens	\$150
	150 W Energy Efficient High Pressure Sodium with flat lens	\$150
	Flat Lens Induction Luminaire ≤ 180 W	\$100
400 W	250 W Energy Efficient Metal Halide with flat lens	\$220
	250 W Energy Efficient High Pressure Sodium with flat lens	\$220

POWER SMART PRODUCT INCENTIVE PROGRAM ALL ELIGIBLE PRODUCTS

The Product Incentive Program provides financial incentives to organizations who replace inefficient products with energy-efficient technologies or add on products to existing systems to make them more efficient. Not all products are eligible. Please consult the BC Hydro web site at bchydro.com/incentives for all program policies, eligible products and performance criteria before purchasing products.

CONTROLS AND SENSORS

Existing Technology	Product Replacement Description	Incentive (\$)
Interior Lighting	Occupancy Sensor	\$55
	Switch plate timer	\$25
Exterior Lighting	Photocell with timer	\$25

HVAC

Existing Technology	Product Replacement Description	Incentive (\$)
HVAC Fan	Adjustable Speed Drive	\$65/HP
HVAC Pump	Adjustable Speed Drive	\$115/HP
Packaged Terminal A/C Unit	HVAC Occupancy Sensor	\$60
Packaged Terminal Heat Pump with built in electrical resistance heater unit	HVAC Occupancy Sensor	\$60

NON-LIGHTING CONTROLS

Existing Technology	Product Replacement Description	Incentive (\$)
Exhaust Fan	Carbon Monoxide Sensor	\$290
Computer Workstation	Computer Power Management Software	\$6/License to max 75% of product cost
	Efficient Power Bar for Computers	\$7
Vending Machine	Vending Machine Controller	\$115
Parking Lot	Parking Lot Controller	\$25/Controlled circuit

POWER SMART PRODUCT INCENTIVE PROGRAM ALL ELIGIBLE PRODUCTS

The Product Incentive Program provides financial incentives to organizations who replace inefficient products with energy-efficient technologies or add on products to existing systems to make them more efficient. Not all products are eligible. Please consult the BC Hydro web site at bchydro.com/incentives for all program policies, eligible products and performance criteria before purchasing products.

For more information, call 1 866 522 4713.

REFRIGERATION

Existing Technology	Product Replacement Description	Incentive (\$)
Open vertical display case (Low temperature)	New vertical display case with doors (Low temperature) Add doors to open displays	\$230/Linear ft. \$175/Linear ft.
Anti-sweat heater for vertical display case doors	Add Anti-sweat heater humidistat control	\$90/door
Open vertical display cases (Low or Medium temperature)	Add night covers	\$10/Linear ft.
Open horizontal display cases (Low temperature)	Add night covers	\$5/Linear ft.
Open entrance to walk-in cases (Low temperature)	Add strip curtain to entrance	\$2.50/Sq. ft.
Open entrance to walk-in cases (Medium temperature)	Add strip curtain to entrance	\$2.50/Sq. ft.
Standard evaporator fan motor for parallel rack systems	New ECM Fan Motor System	\$130/motor
Standard evaporator fan motor for walk in coolers (Low and medium temperature)	New ECM Fan Motor System	\$45/motor
Standard evaporator fan motor for reach-in refrigerated cases (Low and medium temperature)	New ECM Fan Motor System	\$55/motor
Compact refrigerator	ENERGY STAR® rate compact refrigerator	\$10/unit
Suction pipe with no insulation	Add insulation	\$1.50/ft.
Lighting — 6-door unit T12 HO magnetic ballast	LED Refrigerated Lighting System	\$475
T8 magnetic ballast	LED Refrigerated Lighting System	\$245
Lighting — 5-door unit T12 HO magnetic ballast	LED Refrigerated Lighting System	\$400
T8 magnetic ballast	LED Refrigerated Lighting System	\$215

POWER SMART PRODUCT INCENTIVE PROGRAM ALL ELIGIBLE PRODUCTS

The Product Incentive Program provides financial incentives to organizations who replace inefficient products with energy-efficient technologies or add on products to existing systems to make them more efficient. Not all products are eligible. Please consult the BC Hydro web site at bchydro.com/incentives for all program policies, eligible products and performance criteria before purchasing products.

For more information, call 1 866 522 4713.

REFRIGERATION

Existing Technology	Product Replacement Description	Incentive (\$)
Lighting — 4-door unit T12 HO magnetic ballast	LED Refrigerated Lighting System	\$350
T8 magnetic ballast	LED Refrigerated Lighting System	\$190
Lighting — 3-door unit T12 HO magnetic ballast	LED Refrigerated Lighting System	\$300
T8 magnetic ballast	LED Refrigerated Lighting System	\$170
Lighting — 2-door unit T12 HO magnetic ballast	LED Refrigerated Lighting System	\$230
T8 magnetic ballast	LED Refrigerated Lighting System	\$135

COMMERCIAL KITCHENS

Existing Technology	Product Replacement Description	Incentive (\$)
Electric pressureless steamer	Efficient electric pressureless steamer	\$1,800
Convection oven	Efficient convection oven	\$330
Half size insulated hot food holding cabinet	Efficient half size insulated hot food holding cabinet	\$135
Exhaust hood – supply fan and exhaust fan HP total	Add demand ventilation controls	
5 – 15 HP	Add demand ventilation controls	\$3,200
20 – 25 HP	Add demand ventilation controls	\$6,400

COMMERCIAL DISHWASHERS—ELECTRIC HOT WATER

Existing Technology	Product Replacement Description	Incentive (\$)
Door Type, Low Temp	ENERGY STAR® Door Type, Low Temp	\$2,200
Door Type, High Temp	ENERGY STAR Door Type, High Temp	\$2,600
Single Tank Conveyor, Low Temp	ENERGY STAR Single Tank Conveyor, Low Temp	\$2,500
Single Tank Conveyor, High Temp	ENERGY STAR Single Tank Conveyor, High Temp	\$4,500
Multi Tank Conveyor, Low Temp	ENERGY STAR Multi Tank Conveyor, Low Temp	\$3,700
Multi Tank Conveyor, High Temp	ENERGY STAR Multi Tank Conveyor, High Temp	\$7,300

POWER SMART PRODUCT INCENTIVE PROGRAM ALL ELIGIBLE PRODUCTS

The Product Incentive Program provides financial incentives to organizations who replace inefficient products with energy-efficient technologies or add on products to existing systems to make them more efficient. Not all products are eligible. Please consult the BC Hydro web site at bchydro.com/incentives for all program policies, eligible products and performance criteria before purchasing products.

For more information, call 1 866 522 4713.

ICE RINK TECHNOLOGIES

Existing Technology	Product Replacement Description	Incentive (\$)
Ice Rink	Low Emissivity Ceiling (ice rinks) Low Emissivity Ceiling (curling rinks)	\$7,400/sheet \$850/sheet
Brine Pump 15 HP	Pony Motor – 5 HP	\$3,200
Brine Pump 20 HP	Pony Motor – 7.5 HP	\$3,200
Brine Pump 25 HP	Pony Motor – 7.5 HP	\$3,200
Brine Pump 30 HP	Pony Motor – 10 HP	\$3,200
Brine Pump 15 HP (curling rink)	Pony Motor – 5 HP	\$3,200

LIVESTOCK WATERER

Existing Technology	Product Replacement Description	Incentive (\$)
Lower Mainland Herd ≤ 100 Livestock	Energy Efficient Livestock Waterer Energy Free Livestock Waterer	\$100 \$175
Herd > 100 Livestock	Energy Efficient Livestock Waterer Energy Free Livestock Waterer	\$150 \$350
BC interior Herd ≤ 100 Livestock Herd > 100 Livestock	Energy Efficient Livestock Waterer Energy Efficient Livestock Waterer	\$100 \$150

OTHER NON-LIGHTING

Existing Technology	Product Replacement Description	Incentive (\$)
V Belts	Synchronous Belt	\$10/HP
Standard Pump	Variable Speed ECM Pump (1-2 HP)	\$1,300
