

PRODUCT INCENTIVE PROGRAM GETTING STARTED CHECKLIST

1. BEFORE YOU BUY

- Make a list of current technologies that you would like to upgrade and their location (e.g. parking lot, third floor meeting room).

Reminder

- Consult the list of eligible retrofits and energy-efficient products at bchydro.com/incentives to determine what to buy.
- If you need help, contact BC Hydro at 1 866 522 4713.

2. COMPLETE YOUR PROJECT

- Purchase and install eligible energy-efficient products.

Reminder

- Ensure that you follow BC Hydro's installation standards and use qualified installers. Consult bchydro.com/incentives for details.
- You have 120 days from the date you purchased the eligible products to install them and submit your online application to BC Hydro.

3. APPLY FOR INCENTIVES

- Have the following information handy before you start:
 - BC Hydro account number(s) and corresponding postal codes for each facility.
 - Your installer's information including their name and electrician's ticket number if applicable.
 - A list of retrofits and energy-efficient products.

- Complete an online application at bchydro.com/incentives.

- Mail all paid invoices and permits to:

Product Incentive Program
