40% OFF INSTANT ONLINE REBATE ENERGY SAVE TOILETS

E2TM DUAL FLUSH TOILET 1.28/1.16GPF-ELONGATED N2316

A high-efficiency toilet that offers optimal water savings by allowing the option of flushing at 1.1GPF for light or 1.28GPF for a heavier flush option.

NIAGARA'S PRESSURE-ASSISTED ELONGATED TOILET N2310-E

The low consumption pressure-assisted toilet provides enough force to thoroughly clear the bowl with one flush while saving water and lowering utility bills.

NIAGARA'S ELONGATED TOILET WITH R&T TANK N2225E-RT

Featuring 3" flapper for improved flush mechanics at 600 grams of waste removal, this toilet combines high performance with utility and water resource savings.

NIAGARA'S FLAPPERLESS TOILET N4416 AND N4417

The low 4.8L flush toilet featuring the leak-free Flapperless flushing system makes it one of the most water efficient toilets available.

Valid Models: **N2316, N2310-E, N2225E-RT, N4416, N4417**. Valid until December 31, 2012. Limit 3 toilets per household. No cash value. Not redeemable at retailer or by mail-in. See reverse for rebate details. Offer applicable to BC Hydro and New Westminster Electrical Utility customers. This coupon is funded by the participating manufacturer.

Available online only at: www.ecofitt.ca/powersmart
