| B1-77              | BC Hydro Response to undertaking on CD at T11:1732, 1742-1743 from JIESC on Power Smart Business Cases   |
| B1-78              | BC Hydro Response to undertaking at T11:1629 from BCUC Counsel on variable pay targets for F2005   |
| B1-79              | BC Hydro Response to undertaking at T9:1385 from BCUC Counsel on revenue requirement and balance sheet impacts of amortizing FRSR over 5 or 10 years |
| B1-80              | BC Hydro Response to undertaking at T11:1778 on explanation and detail on indirect and other initiatives   |
| B1-81              | BC Hydro Response to undertaking at T13:2198 from BCUC Counsel on allocating portfolio level costs to the program level based on energy savings      |
| B1-82              | BC Hydro Response to undertaking at T10:1428-1429 from CECBC on consistency between Exhibit B1-40, page 6 forecast and test period                   |
| B1-83              | BC Hydro Response to undertaking at T10:1407 from CECBC on actual \$US outflows compared to Salomon Smith Barney Report (Exhibit B1-41)              |
| B1-84              | BC Hydro Response to undertaking at T10:1499 from Commission Chair on depreciation study prior to next revenue requirements application              |
| B1-85              | BC Hydro Response to undertaking at T11:1604 from JIESC on discount rate (Exhibit B1-46)   |
| B1-86              | BC Hydro Response to undertaking at T11:1763 from JIESC on source of Power Smart information in Table 7.3 of 2004 IEP                                |
| B1-87              | BC Hydro Response to undertaking at T11:1784-1785 from JIESC on Resource Smart programs, REAP for F2005 and F2006 and total expected cost            |
| B1-88              | BC Hydro Response to undertaking at T12:1838 from IPPBC on additional information not in the IEP that was relied upon in preparing the REAP          |
| B1-89              | BC Hydro Response to undertaking at T12:1851 from IPPBC on corporate policies on expenditure approval  |
| B1-90              | BC Hydro Response to undertaking at T12:1900 from CECBC on levelized costs of Power Smart legacy programs on an annual basis                         |

| <b>Exhibit No.</b> | <b>Description</b>   |
|--------------------|--|
| B1-91              | BC Hydro Response to undertaking at T12:1846-1848 from IPPBC on Site C, Mica, Revelstoke cost estimates and transmission capital costs                 |
| B1-92              | BC Hydro Response to undertaking at T14:2356 from IPPBC on IPPs that directly connect to distribution system   |
| B1-93              | BC Hydro Response to undertaking at T10:1556 from JIESC on economic guidelines on repair versus replace for large vehicles and normal vehicles         |
| B1-94              | BC Hydro Response to undertaking at T14:2401 from JIESC on manual for filling out PET project evaluation tool (B1-59)                                  |
| B1-95              | BC Hydro Response to undertaking at T14:2206-2208 from BCUC Counsel on loss of power from Arrow Lakes Hydro and affect on application                  |
| B1-96              | BC Hydro Response to undertaking at T10:1503 from BC Hydro on updated Table 11-2 revised IT capital plan approved at May 26, 2004 Board meeting        |
| B1-97              | BC Hydro Response to undertaking at T10:1548 from JIESC on a copy of the master report of CEA comparisons  |
| B1-98              | BC Hydro Response to undertaking at T10:1544 from JIESC on summary level for consulting, contractors and outside services, capitalized and deferred    |
| B1-99              | BC Hydro Response to undertaking at T13:2124 from BCUC on weather normalized consumption for F2004   |
| B1-100             | BC Hydro Response to undertaking at T13:2153-2154 from BCUC Counsel on 20 year levelized utility and total resource costs using October price forecast |
| B1-101             | BC Hydro Response to undertaking at T13:2148 from BCUC Counsel on double counting of GHG credits and recalculated TRCs                                 |
| B1-102             | BC Hydro Response to undertaking at T15:2607 from BCOAPO on IR that breaks down the rate increase into key drivers                                     |
| B1-103             | BC Hydro Response to undertaking at T10:1553 from JIESC on total salaries, wages and benefits for BC Hydro and BCTC for F2005                          |
| B1-104             | BC Hydro Response to undertaking at T10:1497 from Commission Chair on comprehensive list of depreciation charges in this Application including Burrard |
| B1-105             | BC Hydro Response to undertaking at T15:2546 on outage statistics for Lytton   |
| B1-106             | BC Hydro Response to undertaking at T15:2555 and 2559 on definitions of measures of CC Disconnect Advisory and CC Disconnect Accuracy                  |

| <b>Exhibit No.</b> | <b>Description</b>   |
|--------------------|--|
| B1-107             | BC Hydro Response to undertaking at T15:2593 from BCOAPO on normalized ASAI and CAIDI measures for storms  |
| B1-108             | Explanatory Table regarding the Transmission Revenue Requirement and BC Hydro's BCTC Transition Deferral Account                                       |
| B1-109             | BC Hydro Response to undertaking at T10:1541 from JIESC on Engineering Services and competitive tendering  |
| B1-110             | BC Hydro Response to undertaking at T8:1069 from JIESC on exchange rates used in the Application and the impact of a rate of 72.5 cents                |
| B1-111             | BC Hydro Response to undertaking at T11:1614 from BCUC Counsel on Engineering billable hour ratios and benchmarks                                      |
| B1-112             | BC Hydro Response to undertaking at T11:1616 from BCUC Counsel on optimal level of Engineering staff given outsourcing of all new generation           |
| B1-113             | BC Hydro Response to undertaking at T11:1617 from BCUC Counsel on reducing internal staff hours and reduced billable hours                             |
| B1-114             | BC Hydro Response to undertaking at T13:2050 from BCOAPO on reconciling BC Hydro's assumptions for RIM test to Dr. Shaffer in Exhibit C10-3            |
| B1-115             | BC Hydro Response to undertaking at T15:2407-2408 from JIESC on projects with a PET priority indicator of less than 10                                 |
| B1-116             | BC Hydro Response to undertaking at T15:2428 from JIESC on reconciling gross capital expenditures on JIESC IR1.11.0a to Exhibit B1-1, Chapter 7, p.7-3 |
| B1-117             | BC Hydro Response to undertaking at T15:2562 from BCOAPO on most recent report on ABS performance metrics  |
| B1-118             | BC Hydro Response to undertaking at T16:2645 from BCUC Counsel on documentation of asset health index for Distribution system assets                   |
| B1-119             | BC Hydro Response to undertaking at T16:2647-2648 from BCUC Counsel on a table showing Distribution pole age profile for previous 5 years              |
| B1-120             | BC Hydro Response to undertaking at T16:2821 from JIESC on capital plan costs for F2005 and F2006 for HVDC cables to Vancouver Island                  |
| B1-121             | BC Hydro Response to undertaking at T11:1613 from BCUC Counsel on additional studies besides Black and Veatch  |

| <b>Exhibit No.</b> | <b>Description</b>  |
|--------------------|---|
| B1-122             | BC Hydro Response to undertaking at T16:2641 from BCUC Counsel on a copy of maintenance audit of distribution assets conducted 3 years ago      |
| B1-123             | BC Hydro Response to undertaking at T16:2802 from JIESC on point-to-point transmission service requests and contracts                           |
| B1-124             | BC Hydro Response to undertaking at T14:2242 from BCUC on net present value costs of Energy Purchase Agreements compared to market purchases    |
| B1-125             | BC Hydro Response to undertaking at T16:2809 from JIESC on 16% under-expenditure for F1994-F2003 vs capital expenditure in JIESC 1.11.0(b)      |
| B1-126             | BC Hydro Response to undertaking at T15:2510 from CECBC on breakdown of Distribution preventative maintenance costs increase of \$10 million    |
| B1-127             | BCTC Response to undertaking at T16:2823 from JIESC on expenditures in F2005 and F2006 for Ice Hazard Risk Reduction and customer benefit       |
| B1-128             | BC Hydro Response to undertaking at T13:2121 from BCUC Counsel confirming when price elasticity of demand estimates by sector will be available |
| B1-129             | BC Hydro Response to undertaking at T16:2720 from Commission Chair on regression analysis for ASAI and CAIDI on raw and normalized data         |
| B1-130             | BC Hydro Response to undertaking at T11:1613 from BCUC Counsel on Engineering headcount when contractors are declining                          |
| B1-131             | BC Hydro Response to undertaking at T15:2633 from Terasen Gas on system extension test and load characteristics of the customer                 |
| B1-132             | BC Hydro Response to undertaking at T10:1541 from JIESC on outsourcing of Engineering work  |
| B1-133             | BCTC Response to undertaking at T16:2819 from JIESC on amount of capital to be expended in F2005 and F2006 in any way connected with Burrard    |
| B1-134             | BC Hydro Response to undertaking at T11:1618 from BCUC Counsel on \$14.2 million fixed commitment in Operating and Maintenance                  |
| B1-135             | BC Hydro Response to undertaking at T16:2698 from BCUC Counsel on capital and OMA component of CIS development cost                             |
| B1-136             | BCTC Response to undertaking at T16:2822 from JIESC on a business case for the Enterprise Geographic Information System                         |

| <b>Exhibit No.</b> | <b>Description</b>   |
|--------------------|--|
| B1-137             | BC Hydro Response to undertaking at T15:2444 from JIESC on the number of new customer connections from F2001 to F2006                              |
| B1-138             | BC Hydro Response to undertaking at T15:2584 from BCOAPO on other ABS service level metrics  |
| B1-139             | BCTC Response to undertaking at T17:2914 from CECBC on impact of accounting changes from F2003 to F2005 on maintenance costs                       |
| B1-140             | BCTC Response to undertaking at T17:2906 from CECBC on program costs associated with animal-related reliability issues and the Maintenance Program |
| B1-141             | BCTC Response to undertaking at T17:3042 from BCUC Counsel on how many of 36 incremental staff positions have been hired                           |
| B1-142             | BC Hydro Response to undertaking at T14:2307-2308 from BCUC Counsel on correspondence from BCUC on Power Smart programs and tariff sheets          |
| B1-143             | BCTC Response to undertaking at T17:2895 from CECBC on clarifying restructuring Lower Mainland Control Centre and cost increases                   |
| B1-144             | BCTC Response to undertaking at T17:3035-3036 from BCUC Counsel on ten lease space proposals, highest, lowest all-in cost per square foot          |
| B1-145             | BCTC Response to undertaking at T16:2830 from JIESC on cost of seismic upgrades in F2005 and F2006 and total program cost                          |
| B1-146             | BC Hydro Response to undertaking at T16:2709 from BCUC Counsel on details of \$1.3 million General Business Consulting from Accenture              |
| B1-147             | BC Hydro Response to undertaking at T15:2468 from JIESC on reports that BC Hydro or Accenture Business Services have conducted on energy theft     |
| B1-148             | BCTC Response to undertaking at T17:3041 from BCUC Counsel on variable pay in revenue requirements   |
| B1-149             | BC Hydro Response to undertaking at T14:2333 from Commission Chair on redesigning Power Smart programs to a RIM of 0.8 or greater                  |
| B1-150             | BCTC Response to undertaking at T17:2994 from IPPBC on a copy of the open study on additional capacity on Interior-to-Lower Mainland path          |
| B1-151             | BCTC Response to undertaking at T17:3046 from BCUC Counsel on a copy of the current RTO West (Grid West) funding agreement                         |

| <b>Exhibit No.</b> | <b>Description</b>   |
|--------------------|--|
| B1-152             | BC Hydro Response to undertaking at T18:3060-3063 from Commission Chair on Engineering Services man-hours including permanent consultants            |
| B1-153             | BC Hydro Response to undertaking at T11:1706 from Sierra Club on \$10 per MWh decrease in total resource cost, discount rate change and line losses  |
| B1-154             | BC Hydro Response to undertaking at T15:2491 from CECBC on examples of efficiency targets in F2004 Variable Pay Contracts                            |
| B1-155             | BC Hydro Response to undertaking at T15:2517 from CECBC on accounting and tracking process when transformers are removed and put back into service   |
| B1-156             | BC Hydro Response to undertaking at T15:2543 from CECBC on Non-Integrated Areas Business Strategy and reduced charges                                |
| B1-157             | BCTC Response to undertaking at T18:3117 from BCUC Counsel on use of units at Burrard in synchronous condenser operation                             |
| B1-158             | BCTC Response to undertaking at T17:2872 from JIESC on balance sheets for F2005 and F2006  |
| B1-159             | BCTC Response to undertaking at T17:2931 from BCOAPO on calculation of the \$3.9 million allowed return on equity for F2006                          |
| B1-160             | BCTC Response to undertaking at T18:3080 from BCUC Counsel on date of most recent NITS Service agreement and execution and August '03 facility study |
| B1-161             | BCTC Response to undertaking at T18:3092 from BCUC Counsel on in service of three items on page 6-71, lines 9-13 of the Application                  |
| B1-162             | BCTC Response to undertaking at T18:3110 from BCUC Counsel on a breakdown of transmission and substation outages by cause for the recent year        |
| B1-163             | BC Hydro Response to undertaking at T18:3234 from Wait on Heritage Supply in GWh and Heritage Payment Obligation in dollars for F2005 and F2006      |
| B1-164             | BC Hydro Response to undertaking at T16:2662-2663 from BCUC Counsel on portions of growth expenditures and growth CIA and IPP interconnection costs  |
| B1-165             | BC Hydro Response to undertaking at T13:2142 from BCUC Counsel on extent of overstatement of energy savings in the April 19, 2002 Audit Report       |
| B1-166             | BC Hydro Response to undertaking at T11:1713-1719 and T12:1811-1812 from Sierra Club on rate impacts associated with Power Smart 10-Year Plan        |

| <b>Exhibit No.</b> | <b>Description</b>   |
|--------------------|--|
| B1-167             | BCTC Response to undertaking at T17:2997 from IPPBC on cost of Burrard voltage support in 1997 WTS Application and \$55 million Facility Asset Plan                      |
| B1-168             | BC Hydro Response to undertaking at T15:2468 from JIESC on additional report to Exhibit B1-147 on energy theft   |
| B1-169             | BCTC Response to undertaking on CD at T18:3149 from Commission Chair on project management document for the Asset Baseline Audit   |
| B1-170             | BCTC Response to undertaking at T18:3142 from Commission Chair on competitive bid of BCTC's engineering work over the next six years                                     |
| B1-171             | BC Hydro Response to undertaking at T15:2477 from CECBC on Distribution's COMA per customer and the F2003 Distribution Balanced Scorecard                                |
| B1-172             | BC Hydro Response to undertaking at T19:3345 from CECBC on the portion of the current reservoir deficiency to the account of Bonneville Power                            |
| B1-173             | BC Hydro Response to undertaking at T14:2381-2383 from JIESC on when BC Hydro stopped using its historical capital expenditure control mechanism                         |
| B1-174             | BC Hydro Response to undertaking at T16:2675 from JIESC on a document or written summary by which the PET is filled out  |
| B1-175             | BC Hydro Response to undertaking at T16:2738 from JIESC on a copy of CEA master report   |
| B1-176             | CICA Handbook Section 1100 Generally Accepted Accounting Principles  |
| B1-177             | Excerpt of Stepped Rate Design Report dated April 28, 2003 pp. 1-3 and 27-44 prepared for BC Hydro by Energy and Environmental Economics, Inc.                           |
| B1-178             | Excerpt of The Energy Journal pp. 19-43 containing a study on Demand-Side Management and Energy Efficiency in the United States by David S. Loughran and Jonathan Kulick |
| B1-179             | BC Hydro Witness Aid #1 calculating RIM, ERIM, RIM NPV and ERIM NPV under three scenarios  |
| B1-180             | BC Hydro Response to undertaking at T19:3323 from CECBC on the period of record to establish Williston and Mica mean average historical reservoir levels                 |
| B1-181             | BC Hydro Response to undertaking at T19:3301 from IPPBC on historical system inflows as a percentage average inflows for 1942 to 1946                                    |

| <b>Exhibit No.</b> | <b>Description</b>  |
|--------------------|---|
| B1-182             | BC Hydro Response to undertaking at T20:3529 from BCUC to provide Equipment Health Rating Summary Results   |
| B1-183             | BCTC Response to undertaking at T18:3119-3120 from BCUC Counsel on Burrard VAR support  |
| B1-184             | BCTC Response to undertaking at T17:3035-3036 from BCUC Counsel on providing highest and lowest all-in cost per square foot lease proposals   |
| B1-185             | Excerpt from Manitoba Hydro Sales Rates Decision dated February 3, 2003, Tables of Contents and page 26   |
| B1-186             | BCTC Response to undertaking at T10:1540 from JIESC on full regulatory legal services for F2005 and F2006 that are expensed or capitalized  |
| B1-187             | BC Hydro Response to undertaking at T16:2672 from BCUC Counsel on relevant standard and code terms relating to the location of revenue meters   |
| B1-188             | BC Hydro Response to undertaking at T19:3349-3350 from CECBC on comparison of actual to planned market prices for electricity purchases   |
| B1-189             | BC Hydro Fiscal 2004 Audited Financial Statements   |
| B1-190             | BC Hydro Response to undertaking at T19:3297-3298 from IPPBC on Peace River Site C, Mica New Unit 5 and Revelstoke New Unit 5 Unit Cost of Energy and Unit Cost of Capacity in 2004 IEP                   |
| B1-190A            | <b>REVISED</b> -- BC Hydro Response to undertaking at T19:3297-3298 from IPPBC on Peace River Site C, Mica New Unit 5 and Revelstoke New Unit 5 Unit Cost of Energy and Unit Cost of Capacity in 2004 IEP |
