BC Hydro must post a notice on its Internet website of any transfer of a transmission function employee to a position as a marketing function employee, or any transfer of a marketing function employee to a position as a transmission function employee. The information posted under this section must remain on its Internet web site for 90 days. No such job transfer may be used as a means to circumvent any provision of this part. The information to be posted must include:

- The name of the transferring employee
- The respective titles held while performing each function (i.e., as a transmission function employee and as a marketing function employee)
- The effective date of the transfer

BC Hydro’s recent transfers are:

June 1, 2018	Natalie Allinson*	Sr. Engineer	Generation System Operations, Planning, Scheduling & Operations	Sr. Engineer	Various

*Note: This is not a transfer to a transmission function position per se, but instead an approximate 18th month temporary rotation to a special integration project that may involve interaction with transmission function employees and transmission function information.
