Victoria, BC V8W 9M1

Dear Mr. White:

**Re: Peace Project Water Use Plan  
Dinosaur Reservoir Management Plan Annual Report 2021**

Your letters approving the Peace Project Water Use Plan - Dinosaur Reservoir Management Plan Water Use Plan monitoring programs and physical works Terms of Reference state that BC Hydro is required to submit an annual report as well as individual monitoring program reports in June of each year. As per your approval letter dated August 29, 2018, recognizing that GMSWORKS-56 Hudson's Hope Boat Launch Maintenance is the only project left in implementation under the Dinosaur Reservoir Management Plan, the annual report for 2021 is provided via this letter.

**GMSWORKS-56 Hudson's Hope Boat Launch Maintenance**

This project is for the maintenance of the boat ramp constructed under GMSWORKS-51 (Hudson's Hope Boat Ramp Construction). Routine maintenance includes annual installation of the floating access dock and walkway before the recreation season begins, and removal at the end of the season for winter storage. The maintenance plan also includes annual inspections to ensure that the ramp is maintained in safe working order, and whatever cleaning activities (e.g. removal of debris or sediment from the ramp) may be needed. Further structural maintenance is performed on an as-need basis.

Routine maintenance was conducted in 2020, and no structural maintenance was required. The boat launch is currently open; however, should the 2021 COVID-19 pandemic situation change the launch may be closed to be consistent with direction of the Office of the Provincial Health Officer.

At the time of submission of this letter update, there has been no change to the GMSWORKS-56 project schedule or Terms of Reference. The updated financial information is in Table 1 below.

**Table 1: Dinosaur Reservoir Management Plan WUP Monitoring Program and Physical Works Costs**

Monitoring Programs	Costs approved by CWR	Life to Date Actuals (LTD)	Estimated to Complete (Forecast)	Total Forecast (LTD and Forecast)	Variance Total to Approved	Explanation	Corrective Action
<b>GMSM14A DNR Tributary Habita</b>	\$150,364	\$32,018		\$32,018	\$118,346	Project completed.
