Dear Mr. Wruck:

**RE: Project No. 1598969
British Columbia Utilities Commission (BCUC or Commission)
British Columbia Hydro and Power Authority (BC Hydro)
Electricity Purchase Agreement (EPA) Renewals – Sechelt Creek Hydro,
Brown Lake Hydro, and Walden North Hydro
BC Hydro Reply Submission on Further Process**

BC Hydro writes to provide its reply submission on further process, as set out in Exhibit A-9 for the above referenced proceeding.

On April 9, 2019, BC Hydro provided its submission on further process. BC Hydro proposed submitting its response to BCUC and Intervener IR No. 2 on Friday, June 21, 2019 to manage resource constraints. BC Hydro also proposed dates for Final and Reply Arguments accordingly.

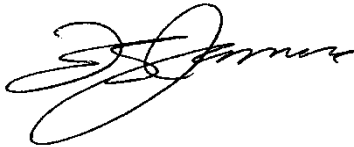

Intervener submissions were received from the Commercial Energy Consumers Association of British Columbia and British Columbia Old Age Pensioners Organization et al on further process. Both registered interveners support the further regulatory process proposed by the Commission, and also support the dates proposed by BC Hydro.

BC Hydro acknowledges the support of registered interveners for the BC Hydro proposed dates, and has no further submissions on the regulatory process.
