Dear Mr. Wruck:

**RE: Project No. 1598998
British Columbia Utilities Commission (BCUC or Commission)
Indigenous Utilities Regulation Inquiry
British Columbia Hydro and Power Authority (BC Hydro)**

BC Hydro writes in compliance with BCUC Order No. G-26-20 regarding written reply comments from other participants on BCUC Indigenous Utility Regulation Inquiry Draft Report of November 1, 2019.

BC Hydro supports this Inquiry and has appreciated the opportunity to gain a broader understanding of participant views throughout this process. BC Hydro has provided Written Evidence, Information Responses and a submission on the Draft Report to ensure the Commission is aware of the potential impacts of different regulatory regimes may have on BC Hydro customers.

BC Hydro acknowledges comments made by interveners to this proceeding and recognizes that there are a range of views expressed. We believe our evidence and submissions respond to many, if not most, of those views and therefore we are not making further submissions at this time.

While we make no further submissions at this time, due to the expansive nature of comments made by participants, silence in regards to a participant submission should not be construed as agreement with or acceptance of the submission.
