Mr. Marija Tresoglavic
Commission Secretary and Manager
Regulatory Support
British Columbia Utilities Commission
Suite 410, 900 Howe Street
Vancouver, BC V6Z 2N3

Dear Ms. Tresoglavic:

**RE: British Columbia Utilities Commission (BCUC or Commission)
British Columbia Hydro and Power Authority (BC Hydro)
Site C Clean Energy Project (the Project)
Update on Quarterly Progress Report and BCUC Staff Information
Requests**

BC Hydro is writing to provide an update on the timeline for the filing of the next Site C Quarterly Progress Report and our responses to BCUC staff information requests, as requested in the BCUC staff letter of February 1, 2021, and further to our letter of November 9, 2020.

Site C Quarterly Progress Report

Government has announced that the independent project review report has been completed and provided to it. BC Hydro will therefore be able to release a Site C Progress Report that will include activities up to the end of December 2020, in early March 2021.

BCUC Staff Information Requests

In our earlier letter, BC Hydro also committed to responding to all of the BCUC staff information requests after the completion of the independent project review, and we remain committed to answering all of the requests. As noted above, the Government has announced that it is now in receipt of the independent project review report. We therefore will provide both our responses to a substantial number, but not all, of the BCUC information requests along with the Progress Report, in early March. There remain some information requests that will require further direction from Government and those will be responded to at a later date.

February 8, 2021
Mr. Marija Tresoglavic
Commission Secretary and Manager
Regulatory Support
British Columbia Utilities Commission
Site C Clean Energy Project (the Project)
Update on Quarterly Progress Report and BCUC Staff Information Requests

For further information, please contact the undersigned.

Yours sincerely,

Fred James
