

British Columbia Hydro and Power Authority

Declaration by Shipper under Schedule VI, Part VII, Section 7 of the *Excise Tax Act*

Carrier: British Columbia Hydro and Power Authority (the "Carrier")

Shipper: _____ (the "Shipper")

**Freight Transportation
Service:**

Point-to-Point transmission service and some or all of the following ancillary services purchased to support the transmission service: scheduling, system control and dispatch, reactive supply and voltage control from generation sources, regulation and frequency response, and loss compensation service. (the "Freight Transportation Service")

Property: Electrical energy and capacity (the "Property")

The Shipper has entered into one or more agreements with the Carrier by which the Carrier will provide Freight Transportation Service for the export of the Shipper's Property.

The Shipper hereby declares that the Property is being shipped for export from Canada (As per Schedule VI, Part VII, Sections 1 or 15.2 of the *Excise Tax Act*) and the Freight Transportation Service to be supplied by the Carrier is part of a continuous outbound freight movement (As per Schedule VI Part VII, Section 7 to the *Excise Tax Act*) in respect of the Property.
