Dear Ms. Fraser:

Re: British Columbia Transmission Corporation
Application for Network Economy and Open Access Transmission Tariff
Settlement Implementation - Project No. 3698417
Annual Network Economy Meeting for 2010

The British Columbia Utilities Commission (Commission) is in receipt of your letter dated June 1, 2010 requesting permission to not hold a 2010 Network Economy Meeting. The Commission has considered the contents of your letter and has also noted the postings of the 2010 Network Economy Meeting Bulletins as well as the Network Economy Annual Report on the British Columbia Transmission Corporation's (BCTC) website.

This letter is to inform BCTC that:

- its request to not hold the 2010 Network Economy Meeting is approved;
- going forward, BCTC is not required to request permission from the Commission to not hold its annual Network Economy Meeting. BCTC is only expected to convene an annual Network Economy Meeting if customers of BCTC expressly ask for a meeting by way of a letter to the BCTC and copied to the Commission;
- for documentation purposes, BCTC is to file with the Commission its Network Economy Annual Report of May 2010 within seven working days from the date of this letter; and
- going forward, BCTC is requested to continue its postings of future annual Network Economy Meeting Bulletins and future Annual Reports.

Yours truly,
