Dear Mr. Wruck:

**RE: Project No. 3698869  
British Columbia Utilities Commission (BCUC or Commission)  
British Columbia Hydro and Power Authority (BC Hydro)  
F2017 to F2019 Revenue Requirements Application  
Open Access Transmission Tariff (OATT) Rate Schedules**

---

BC Hydro writes pursuant to Commission Order No. G-47-18 regarding its Fiscal 2017 to Fiscal 2019 Revenue Requirements Application (**F2017-F2019 RRA**). The Order directs BC Hydro to file updated rate schedules, among other things, within 60 days of the Order. The updated fiscal 2017, fiscal 2018 and fiscal 2019 OATT rate schedules are enclosed. These rate schedules reflect the updated Appendix A from Exhibit B-1-1 of the F2017-F2019 RRA as filed by BC Hydro under separate cover on April 27, 2018 (**Appendix A Update**). BC Hydro previously filed updated Electric Tariff rate schedules pursuant to Commission Order No. G-47-18 on March 28, 2018.

Table 9-8 in section 9.5 of BC Hydro's Errata No. 1 Exhibit B-1-2 to the F2017-F2019 RRA has been updated to show the final OATT rates and is included below for reference purposes.

## **1 Differences**

The transmission revenue requirements have been reconciled with the Appendix A Update and are summarized in the table below. The final Network Integrated Transmission Service (**NITS**) and Point-To-Point Transmission Service (**PTP**) OATT rates have been reduced as a result of changes that are discussed in the Appendix A Update.

**Table 1 Final OATT Rates  
 Fiscal 2017 to Fiscal 2019**

## 2 OATT Rate Sheets

BC Hydro requires approved tariff pages for each of fiscal 2017, fiscal 2018 and fiscal 2019 so that it can publish the final OATT rates on its transmission website and refund customers accordingly.

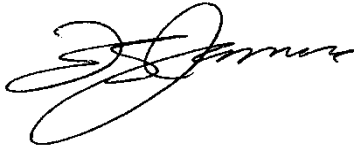

A black-lined and clean copy of the tariff sheets are included as Attachment A.

The source documents of the tariff sheets are attached to the electronic version of this submission for stamping by the Commission and return to BC Hydro.
