5. WINNER SELECTION:

To select the Weekly Prize winners, random draws will be conducted by BC Hydro four times throughout the Contest Period. The chances of winning a Weekly Prize depend on the total number of eligible entries received during that week of the Contest Period. Winners of the Weekly Prizes will also be eligible to win the Grand Prize.

The Grand Prize winner is chosen based on total cumulative scores for each Quiz Activity completed throughout the Contest Period. Each Quiz Activity consists of 10 questions and the number of correct answers will be tallied for each participating classroom throughout the Contest Period. At the end of the Contest Period, the Eligible Class with the highest total score will be selected as the Grand Prize winner. Classroom scores will be publically posted at <https://schools.bchydro.com/take-action/boost-your-power-smarts>. The Grand Prize winner will be selected on or around October 29, 2018. In the case of a tied score where more than one classroom has the same number of correct responses, a random draw will be conducted among the tied participants. The chances of winning the Grand Prize depend on the total number of Eligible Classes participating in this Contest.

Before being declared a winner, each of the selected entrants will be contacted by phone or email and be required to sign and return BC Hydro's Declaration and Release form, which confirms compliance with these Contest Rules, acknowledges acceptance of the prizes as awarded, and releases BC Hydro from any and all liability in connection with this Contest and Prize. At least three (3) attempts will be made over the ten (10) days following each draw to contact the selected entrants. If a selected entrant cannot be contacted, fails to complete and return the Declaration and Release Form within the two (2) business days, or cannot accept the prize for any reason, then at BC Hydro's sole discretion that selected entrant will be disqualified and another entrant will be selected by random draw from remaining eligible entries. BC Hydro is not responsible for the failure for any reason whatsoever, including its own negligence or due to computer,

telephone or technical problems, of the selected entrants to receive notification or for BC Hydro to receive the selected entrants' response.
