Heat pump must be installed with the furnace histed on the AVIII certificate. Heat load calculation is required.
203321656	Central ducted heat pump (Tier 1)	AIREASE	45HP16LE136P-50	EA(C,U)1P36A+H4TXVQ2	A80U52V060A12X	16.5	9.6			Available to fassif fuel healed customers converting to a dual fuel ducted head pump. Heat pump must be installed with the furnace losted on the AVIII certificate. Heat load calculation is required.
203321657	Central ducted heat pump (Tier 1)	AIREASE	45HP16LE136P-50	EA(C,U)1P36A+H4TXVG2	ABDUSZV070A12*	16	9.4			Available to fast fivel heated customers converting to a duaf heaf ducted heat pump. Heat pump must be installed with the furnace lated on the ARR certificate. Heat load calculation is required.
203321659	Central ducted heat pump (Tier 1)	AIREASE	45HP16LE136P-50	EA(C,U)1P368+H4TXV02	ABOUH1EDBOG16X	16.5	9.6			Available to fossif self-heated customers converting to a dual field ducked heat pump. Heat pump must be installed with the furnace listed on the AVIII certificate. Heat load calculation is required.
203321661	Central ducted heat pump (Tier 1)	AIREASE	45HP16LE136P-50	EA(C,U)1P368+H4TXV02	A96UH2E070812	16	9.4			Available to foust fixed heated customers converting to a dual fixed fixed pump. Heat pump must be installed with the furnace listed on the AVIII contribute. Heat load calculations is required.
203321662	Central ducted heat pump (Tier 1)	AIREAGE	45HP16LE136P-50	EA(C,U)1P368+H4TXV02	ABOUN10070812	16	9.4			Available to foust fixed heated customers converting to a dual fixed ducted head pump. Heat pump must be installed with the furnace histed on the ARRI continues. Heat load calculations is required.
203321663	Central ducted heat pump (Tier 1)	AIREAGE	45HP16LE136P-50	EAJC,UJ1P368+H4TXVG2	ABOUH1E090816	16.5	9.6			Available to final five heated customers converting to a dual field ducted head pump, their pump must be installed with the furnace histed on the WHIX certificate. Heat load calculation is required.
203321666	Central ducted heat pump (Tier 1)	AIREASE	45191611189-50	EA(C,U)1P368+H4TXV02	A93UH1E070812	16	9.4			Available to foss? fuel healed continents converting to a dual fuel ducted head pump. Head pump must be installed with the furnace listed on the AVIII certificate. Heat load calculation in required.

205527492	Central ducted heat pump (Tier 1)	COLEMAN	CH681821	CF24AXA1+TXV	TMLEDEGA12MP11	17	10		Available to fost if last heated customers converting to a dual fuel ducted heat pump. Heat pump must be installed with the furnace listed on the AVIII certificate. Heat load calculation is required.
205527496	Central ducted heat pump (Tier 1)	COLEMAN	CH681821	CM24AXA1+TXV	TMEEOSGA12MP11	17	10		Available to fossif finel healed customers converting to a dual finel ducted heat pump. Heat pump must be installed with the furnace listed on the AVIII certificate. Heat load calculation is required.
205527504	Central ducted heat pump (Tier 1)	COLEMAN	CH681821	CU24AXA1+TXV	TMEE060A12MP11	17	10		Available to focus if fuel heated customers converting to a dual fuel ducted heat pump. Head pump must be installed with the furnace listed on the AVIII certificate. Heat load calculation is required.
						17	10		Available to fossit first freshed construers converting to advarfased ducted field curren. Held curren most the installed with the furnous histed on the AVIII contribute. Held load calculation is resoured.
205527512	Central ducted heat pump (Ter 1)	COLEMAN	CH681821	CM24AXA1+TXV	TMLEDEGA12MP11				Available to loss for heated customers converting to a dual field ducted head pump, field pump must be installed with the formous listed on the AVRIQ cretificate. Head load calculation is required.
205527516	Central ducted heat pump (Tier 1)	COLEMAN	CH681821	CU24AXA1+TXV	TMLE060A12MP11	17	10		Available to foss if our heated customers converting to a dual field ducted heat pump. Heat pump must be installed with the furnace listed on the AVIII certificate. Heat load calculation is required.
205527520	Central ducted heat pump (Tier 1)	COLEMAN	CH681821	CF308KA1+TXV	TMBEONGA12MP11	17	9.5		Available to fossil fivel heated customers converting to a dual fivel ducked heat pump. Heat pump must be installed with the furnace listed on the AMIX certificate. Heat load calculation is required.
205527528	Central ducted heat pump (Tier 1)	COLEMAN	CH681821	CF308KA1+TXV	TMLEDHQA12MP11	17	9.5		Available to fossif fuel heated customers converting to a dual fuel ducked heat pump. Heat pump must be installed with the furnace listed on the AVIII certificate. Heat load calculation is required.
205527532	Central ducted heat pump (Tier 1)	COLEMAN	CH681821	CM308XA1+TXV	TMBEDHGA12MP11	17	9.5		Available to final fivel heated customers converting to a dual fuel ducted head pump. Head pump must be installed with the furnace listed on the AVIII certificate. Head load calculation is required.
205527540	Central ducted heat pump (Tier 1)	COLEMAN	CH681821	CUSOBKA1+TXV	TMEEDWGA12MP11	17	9.5		Available to foss! four heated customers converting to a dual field ducted heat pump. Heat pump must be installed with the furnace listed on the AVIII certificate. Heat load calculation is required.
205527548	Central ducted heat pump (Tier 1)	COLEMAN	CH681821	CM308XA1+TXV	TMLEDHQA12MP11	17	9.5		Available to fous five heated curboners converting to a dual fuel ducted head pump. Head pump must be installed with the furnace listed on the AVIII certificate. Head load calculation is required.
205527552	Central ducted heat pump (Tier 1)	COLEMAN	CH681821	CUSOBKA1+TXV	TMLEDHOA12MP11	17	9.5		Available to focus if fuel heated customers converting to a dual fuel ducted heat pump. Head pump must be installed with the furnace listed on the AVIII certificate. Heat load calculation is required.
205527556	Central ducted heat pump (Tier 1)	COLEMAN	CH681821	CF24BKA1+TXV	TMEEDHOA12MP11	17	10		Available to final full healed controvers converting to a dual full district heat pump. Next pump must be initialled with the furnace histed on the AVRI certificate. Next load calculation is required.
205527564	Central ducted heat pump (Tier 1)	COLEMAN	CH681821	CF24BKA1+TXV	TMLEDIGA12MP11	17	10		Available to fixed fixed existences converting to a duel fixed duction freed pump. Head pump must be installed with the furnace histed on the AHR certificate. Head land calculation is required.
205527568	Central ducted heat pump (Tier 1)	COLEMAN	CH681821	CM248XA1+TXV	TMEEDHOA12MP11	17	10	1	Available to float field healed customers converting to a duel field ducted heat pump. Heat pump most be installed with the furnace histed on the AVIX certificate. Heat load calculation is required.
205527576	Central ducted heat pump (Ter 1)	COLEMAN	CH681821	CU24EXA1+TXV	TMEEDHOA12MP11	17	10		Available to foss if suff heated customers converting to a dual field ducted heat pump. Heat pump must be installed with the furnace listed on the AVIII certificate. Heat bad calculation is required.
205527584	Central ducted heat pump (Ter 1)	COLEMAN	CH681821	CM248XA1+TXV	TMLEDHOA12MP11	17	10		Available to facilify healed customers converting to a dual field disched heat pump. Heat pump must be installed with the furnese histed on the AVIII certificate. Heat load calculation in required.
205527588	Central ducted heat pump (Ter 1)	COLEMAN	CH681821	CU24BKA1+TXV	TMLEDHOA12MP11	17	10		Available to fossil furtheasted customers converting to a dual fluid disched heat pump. Heat pump must be installed with the furnace histed on the AVIII certificate. Heat load calculation in required.
205527592	Central ducted heat pump (Tier 1)	COLEMAN	CH681821	CF24AXA1+TXV	TMEEONGA12MP11	17	10		Available to foss if furtheast customers converting to a dual fael ducked heat pump. Heat pump must be installed with the furnoce listed on the ARRIC certificate. Heat load calculation is required.
205527600	Central ducted heat pump (Tier 1)	COLEMAN	CH681821	CF24AXA1+TXV	TMLEDHQA12MP11	17	10		Available to focus if that heated customers converting to a drust half-ducted heat pump. Head pump must be installed with the furnace listed on the AMR certificate. Heat load calculation is required.
205527604	Central ducted heat pump (Tier 1)	COLEMAN	CH681821	CM24AXA1+TXV	TMEEONGA12MP11	17	10	+	Available to focus if fuel heated customers converting to a dual fuel ducted heat pump. Head pump must be installed with the furnace listed on the AVIII certificate. Heat load calculation is required.
205527612	Central ducted heat pump (Ter 1)	COLEMAN	OH681821	CU24AXA1+TXV	TMEEDHOA12MP11	17	10		Available to foss! first heated customers converting to a dust field ducted heat pump. Heat pump must be installed with the furnace listed on the AVIII certificate. Heat load calculation is required.
205527620	Central ducted heat pump (Ter 1)	COLEMAN	CHS81821	CW24AXA1+TXV	TMLEDHOA12MP11	17	10		Available to final fluid heated customers converting to a duel fluid ducted heat pump. Heat pump must be initialled with the furnison histed on the AVIII certificate. Heat load calculation is required.
205527624	Central ducted heat pump (Tier 1)	COLEMAN	CH681821	CU24AXA1+TXV	TMLEDIGA12MP11	17	10		Available to foss! first heated customers converting to a dual field ducted heat pump. Heat pump must be installed with the furnace listed on the AVIII certificate. Heat load calculation is required.
205527628	Central ducted heat pump (Tier 1)	COLEMAN	CH681821	CF30CKA1+TXV	TL9E060812UH11	17	9.5		Available to fous flush heated customers converting to a dust faul ducked heat pump. Heat pump must be installed with the furnous listed on the AVVII certificate. Heat lead calculation is required.
205527636	Central ducted heat pump (Tier 1)	COLEMAN	CH681821	CMSDCKA1+TXV	TL9E060812UH11	17	9.5		Available to foul finel heated customers converting to a dual fixed ducted heat pump. Heat pump must be installed with the furnace listed on the AVRI certificate. Heat load calculation is required.
205527644	Central ducted heat pump (Tier 1)	COLEMAN	CH681821	CF308KA1+TXV	TL9E060812UH11	17	9.5		Available to fossif fuel heated customers converting to a dual fael ducted heat pump. Heat pump must be installed with the furnace listed on the ARR certificate. Heat load calculation is required.
205527652	Central ducted heat pump (Tier 1)	COLEMAN	CH681821	CM308XA1+TXV	TL9E060812UH11	17	9.5		Available to fossif foot heated customers converting to a dual fuel ducted heat pump. Heat pump must be installed with the furnace listed on the AVIX certificate. Heat lead calculation is required.

205556974	Central ducted heat pump (Ter 1)	COLEMAN	HC1983621	CU42CKA1+TXV	TMLX080C16MP11	17	9.5		Available to focal first heated customers converting to a dual fast discretched pump. Head pump must be initiated with the furnace bised on the AHII certificate. Head load calculation is required.
205556978	Central ducted heat pump (Tier 1)	COLEMAN	HC1983621	CM42CKA1+TXV	TMLX100C16MP11	17	9.5		Available to fixed flush beside contamen converting to a dual fixed ducted head pump. Head pump months introded with the furnace bised on the AHR certificate. Head load calculation is required.
205556982	Central ducted heat pump (Tier 1)	COLEMAN	HC1983621	CU42CKA1+TXV	TMLX100C16MP11	17	9.5		Available to float find heated customers converting to a duel faul ducted heat pump. Heat pump must be installed with the furnace faind on the AVIII certificate. Heat load calculation is required.
205556986	Central ducted heat pump (Tier 1)	COLEMAN	HC1983621	CMM2CKAL+TXV	TM8Y100C16MP11	17	9.5		Available to fossif foot heated customers converting to a dual fuel ducted heat pump. Heat pump must be installed with the furnace listed on the AVIX certificate. Heat lead calculation is required.
205356990	Central ducted heat pump (Tier 1)	COLEMAN	HC1983621	CU42CK41+TXV	TM8Y100C16MP11	17	9.5		Available to foss! frust heated customers converting to a dual fixed ducted heat pump. Head pump must be installed with the furnace instead on the AVIII certificate. Heat lead calculation is required.
205556994	Central ducted heat pump (Tier 1)	COLEMAN	HC1983621	CM42CXA1+TXV	TM8Y080C16MP11	17	9.5		Available to fossif fuel heated customers converting to a dual fixed ducted head pump. Head pump must be installed with the furnace histed on the AVIII certificate. Head load calculation is required.
205556998	Central ducted heat pump (Tier 1)	COLEMAN	HC1983621	CURZCKA1+TXV	TMBY080C16MP11	17	9.5		Available to focus if such heated controvers converting to a dust fixed ducted heat pump. Heat pump must be installed with the furnace listed on the AVIII certificate. Heat load calculation is required.
205357050	Central ducted heat pump (Tier 1)	COLEMAN	HC1983621	CF42CKA1+TXV	TM8V120C20MP12	18	9.5		Available to foss! first heated outborners converting to a dust fast ducted heat pump. Heat pump must be installed with the furnace lated on the AVIII certificate. Heat load calculation is required.
205557054	Central ducted heat pump (Tier 1)	COLEMAN	HC1983621	CF42CXA1+TXV	TMEV100C20MP12	18	9.5		Available to fossil from heated customers converting to a dual field ducted heat pump. Heat pump must be installed with the funnace listed on the AVIRI certificate. Heat load calculation is required.
205557058	Central ducted heat pump (Tier 1)	COLEMAN	HC1983621	CF42CXA1+TXV	TMLV100C20MP12	18	9.5		Available to fossil fluid heated customers converting to a dual fluid ducted heat pump. Heat pump must be installed with the furnace islade on the AVIII certificate. Heat load calculation is required.
205557062	Central ducted heat pump (Tier 1)	COLEMAN	HC1983621	CF42CXA1+TXV	TMLV120C20MP12	18	9.5		Available to fossif foot heated customers converting to a dual fuel ducted heat pump. Heat pump must be installed with the furnace listed on the AVIX certificate. Heat lead calculation is required.
205557066	Central ducted heat pump (Ter 1)	COLEMAN	HC1983621	CF42CKA1+TXV	TPLC100C20MP13	18	9.5		Available to foss? flust heated customers converting to a dual fluel ducted heat pump. Heat pump must be installed with the furnace lated on the ARR certificate. Heat load calculation is required.
205557070	Central ducted heat pump (Tier 1)	COLEMAN	HC1983621	CF42CKA1+TXV	TPLC120C20MP13	18	9.5		Available to fossif fuel heated customers converting to a dual fuel ducted head pump. Head pump must be installed with the furnace listed on the AVIII certificate. Head load calculation is required.
205557074	Central ducted heat pump (Tier 1)	COLEMAN	HC1983621	CF42CKA1+TXV	CPLC100C20MP13	18	9.5		Available to foot flush heated controver converting to a dual field dicited heat pump. Head pump must be initiated with the furnace inited on the ARRIC certificate. Heat lead calculation is required.
205557076	Central ducted heat pump (Tier 1)	COLEMAN	HC1983621	CF42CKA1+TXV	CPLC120C20MP13	18	9.5		Available to foul field heated outbreen converting to a duel field ducted heat pump. Heat pump must be initiated with the furnace losted on the AVIII certificate. Heat faed calculation in required.
205557078	Central ducted heat pump (Tier 1)	COLEMAN	HC1983621	CM42CXA1+TXV	TMEV120C20MP12	18	9.5		Available to fossil fivel heated customers converting to a dual field ducted thest pump. Heat pump must be installed with the funnace listed on the AHRI certificate. Heat load calculation is required.
205557082	Central ducted heat pump (Tier 1)	COLEMAN	HC1983621	CU42CKA1+TXV	TMEV120C20MP12	18	9.5		Available to fossil flush eated customers converting to a dual fuel ducted heat pump. Heat pump must be installed with the furnace listed on the AVIX certificate. Heat load calculation is required.
205557086	Central ducted heat pump (Tier 1)	COLEMAN	HC1983621	CM42CXA1+TXV	TMEV100C20MP12	18	9.5		Available to fossif fuel heated customers converting to a dual fuel ducted heat pump. Heat pump must be installed with the furnace listed on the AVIII certificate. Heat load culculation is required.
205557090	Central ducted heat pump (Tier 1)	COLEMAN	HC1983621	CU42CKA1+TXV	TMEV100C20MP12	18	9.5		Available to foul finel heated customers converting to a dual finel ducted heat pump. Heat pump must be installed with the furnace listed on the AHR certificate. Heat load calculation is required.
205557094	Central ducted heat pump (Tier 1)	COLEMAN	HC1983621	CM42CKA1+TXV	TMLV100C20MP12	18	9.5		Available to fost if our heated continent converting to a dual field ducked heat pump. Head pump must be initiated with the furnace listed on the AVIII certificate. Heat load calculation is required.
205557098	Central ducted heat pump (Ter 1)	COLEMAN	HC1983621	CU42CXAL+TXV	TMLV109C20MP12	18	9.5		Available to final first healed customer converting to a dual fast decide heat pump. Next pump must be initialled with the furnace loads on the ARR contribute. Heat load calculation in required.
205557102	Central ducted heat pump (Tier 1)	COLEMAN	HC1983621	CM42CKA1+TXV	TMLV120C20MP12	18	9.5		Available to fixed fluid Peeted continues converting to a duel fixed fixed fixed pump, Head gump months introded with the furnace histed on the AHR certificate. Head load calculation is required.
205557106	Central ducted heat pump (Tier 1)	COLEMAN	HC1983621	CU42CKA1+TXV	TMLV120C20MP12	18	9.5		Available to foul fivel heated customers converting to a deaf fixed ducted heat pump. Heat pump must be installed with the furnace listed on the AVIII certificate. Heat load calculation is required.
205557110	Central ducted heat pump (Tier 1)	COLEMAN	HC1983621	CM42CKA1+TXV	TPLC100C20MP13	18	9.5		Available to fossif fivel heated customers converting to a deaf fixed ducted heat pump. Heat pump must be installed with the furnace listed on the AVIII certificate. Heat load calculation is required.
205557114	Central ducted heat pump (Ter 1)	COLEMAN	HC1983621	CU42CKA1+TXV	TPLC100C20MP13	18	9.5		Available to fost if their heated customers converting to a dual field ducted heat pump. Heat pump must be installed with the furnous listed on the AVIII certificate. Heat bad calculation is required.
205557118	Central ducted heat pump (Tier 1)	COLEMAN	HC1983621	CM42CKA1+TXV	TPLC120C20MP13	18	9.5		Available to fossif fuel heated customers converting to a dual faul ducked heat pump. Heat pump must be installed with the furnace listed on the AVIII certificate. Heat lead calculation is required.
205557122	Central ducted heat pump (Tier 1)	COLEMAN	HC1983621	CU42CK41+TXV	TPLC120C20MP13	18	9.5		Available to facul flush heated contravers converting to a dual flush ducted heat pump. Heat pump must be installed with the furnace listed on the AVIII certificate. Heat load calculation is required.
205557126	Central ducted heat pump (Tier 1)	COLEMAN	HC1983621	CM42CXA1+TXV	CPLC100C20MP13	18	9.5		Available to final fluid heated customers converting to a duel fluid ducted heat pump. Heat pump must be initialised with the furnace blast on the AVIII cardiocate. Heat load calculation is required.
205557128	Central ducted heat pump (Tier 1)	COLEMAN	HC1983621	CUR2CKA1+TXV	CPLC100C20MP13	18	9.5		Available to four five heated customers converting to a deaf fael ducked heat pump. Heat pump must be installed with the furneer listed on the ARR continent. Heat load calculation is required.
205557130	Central ducted heat pump (Tier 1)	COLEMAN	HC1983621	CM42CXA1+TXV	CPLC120C20MP13	18	9.5		Available to fossif fivel heated customers converting to a dual fixel ducket heat pump. Heat pump must be installed with the furnous listed on the AVIII certificate. Heat load calculation is required.
205557132	Central ducted heat pump (Ter 1)	COLEMAN	HC1983621	CU42CXA1+TXV	CPLC120C20MP13	18	9.5		Available to foul finel heated customers converting to a dual fixed ducted heat pump. Heat pump must be initialed with the furnace listed on the AVIII certificate. Heat load calculation in required.
205357134	Central ducted heat pump (Tier 1)	COLEMAN	HC1983621	CF42CKA1+MVC12CN21+TXV		18	9.5		Available to Fortia Dischric coatoniers.
205557138	Central ducted heat pump (Ter 1)	COLEMAN	HC1983621	CMM2CXA1+MVC12CN21+TXV		18	9.5		Available to Fortis Electric continuers.
