

Construction Notice – Electrical Upgrade Work

Fraser Highway, between 148 Street and 150 Street, Surrey

July 30, 2024

We're working closely with the Surrey Langley SkyTrain Project team to accommodate the rapid transit extension from Surrey to Langley. This work includes the installation of a duct bank to accommodate the relocation of power lines from the north side of Fraser Highway to the south side.

A duct bank is a series of plastic conduits encased in concrete that house and protect underground cables. Construction will result in some eastbound and westbound lane closures and will impact driveway access on Fraser Highway. Please see the map on page 2.

Where: Fraser Highway, between 148 Street and 150 Street, in Surrey.

When: Anticipated to start August 8 with targeted completion by mid-August.

Working Hours: Monday to Saturday from 7 a.m. to 5 p.m.

This work requires temporary traffic pattern changes. Traffic will be reduced to a single lane in each direction along Fraser Highway. Access to 149 Street south of Fraser Highway will not be available at certain times. Please refer to page 2 for a map detailing detour routes.

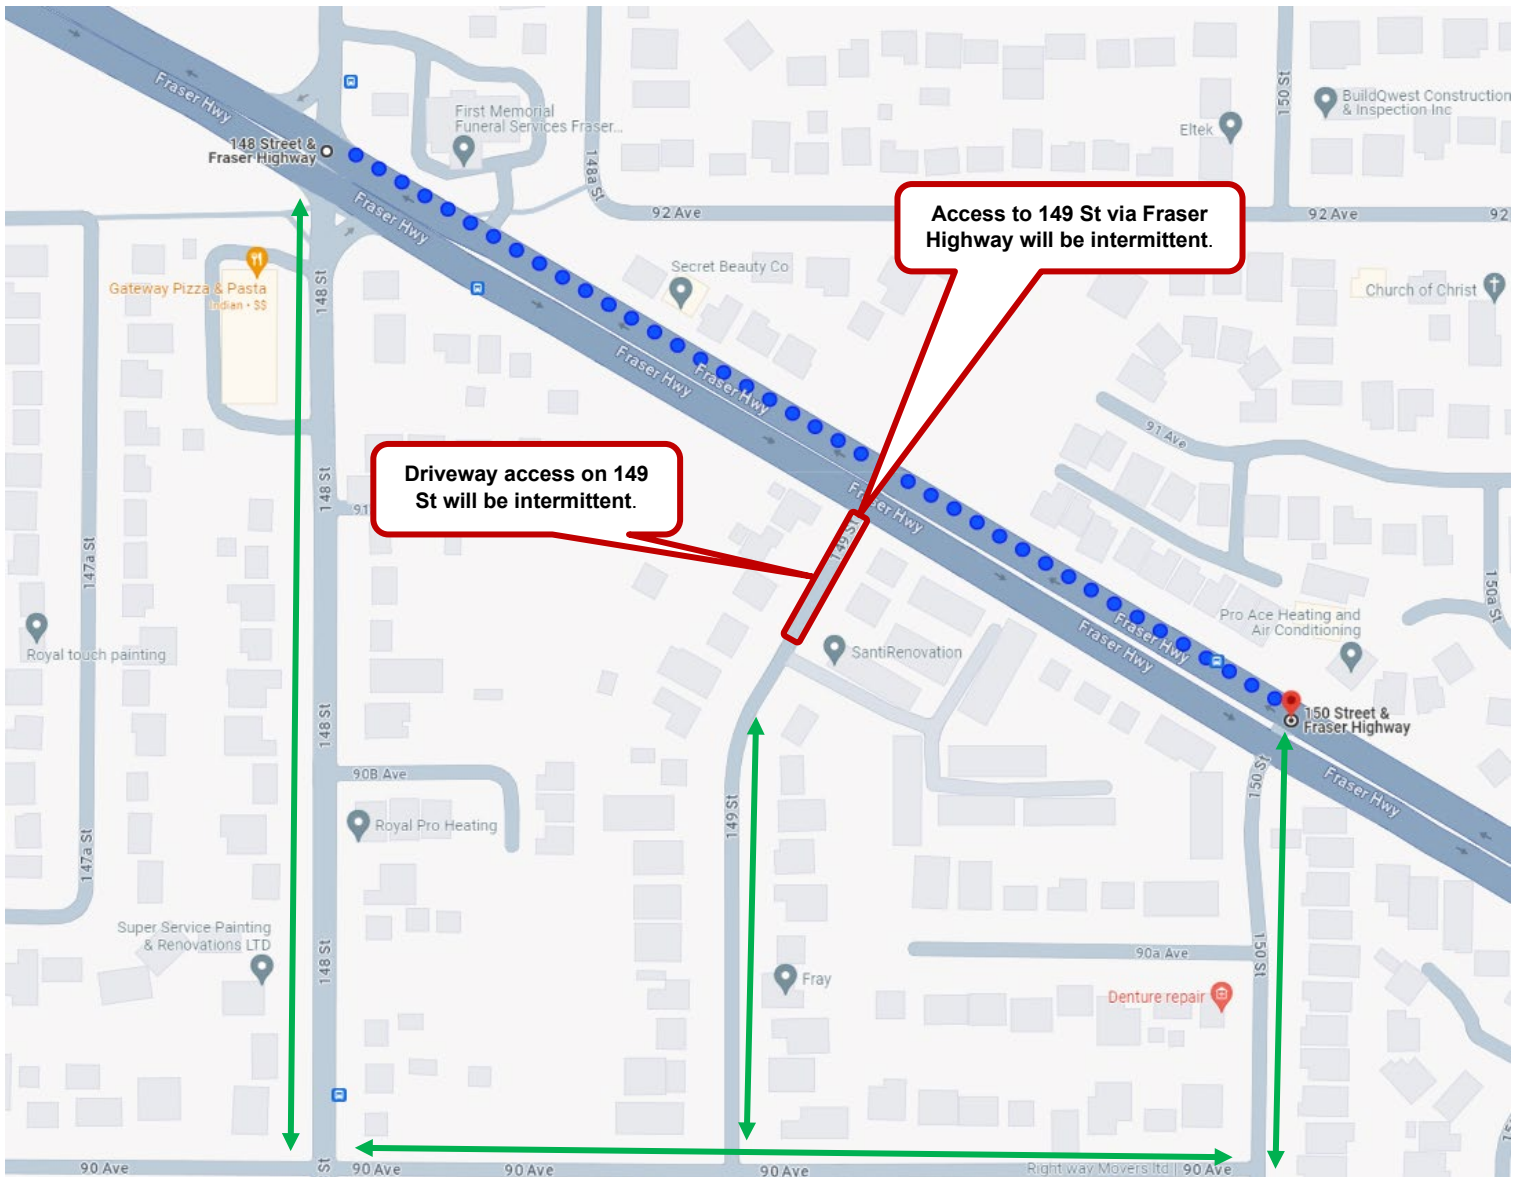

- Driveway access on 149 St will be intermittent during construction.
- To access 149 Street south of Fraser Highway, please use 148 St or 150 St as a detour route.
- Access to 148 Street and 150 Street via the intersection with Fraser Highway will be maintained.

Safety is our top priority. Sidewalks, bike lanes and bus stops on this route will be impacted and may not be available. Please follow the onsite signage provided by TransLink and the direction of the crew on site.

Drivers are advised to plan ahead and expect delays. Please reduce speed in the construction zone and follow the directions of traffic control personnel and posted signage.

If you have any questions or would like more information about our work to relocate the power lines and equipment, please contact us at 1-866-647-3334. Look for additional updates at www.bchydro.com/skytrain
