

UPDATED: Construction Notice – Electrical Upgrade Work Intersection of Fraser Highway and 164 Street Surrey

June 24, 2024

We're working closely with the Surrey Langley SkyTrain Project team to accommodate the rapid transit extension from Surrey to Langley. This work includes the installation of a duct bank to accommodate the relocation of power lines from the north of Fraser Highway to the south.

A duct bank is a series of plastic conduits encased in concrete that house and protect underground cables. Construction will result in some eastbound and westbound lane closures and will impact driveway access on Fraser Highway. Please see the map on page 2.

Where: The intersection of Fraser Highway and 164 St in Surrey.

When: Anticipated to start June 20 with targeted completion by the end of July.

Working Hours (UPDATED): Monday to Saturday from 7 a.m. to 5 p.m. Starting June 29, working hours will include Saturdays.

This work requires temporary traffic pattern changes. Traffic will be reduced to a single lane, in each direction along Fraser Highway. Access to the 164 St via the intersection with Fraser Highway will not be available at certain times:

- June 25 to mid-July: Please use 84 Ave and 168 St as a detour route to access 164 St north of the Fraser Highway.
- July 8 to end of July: Please use 82 Ave and 160 St as a detour route to access 164 St south of the Fraser Highway.

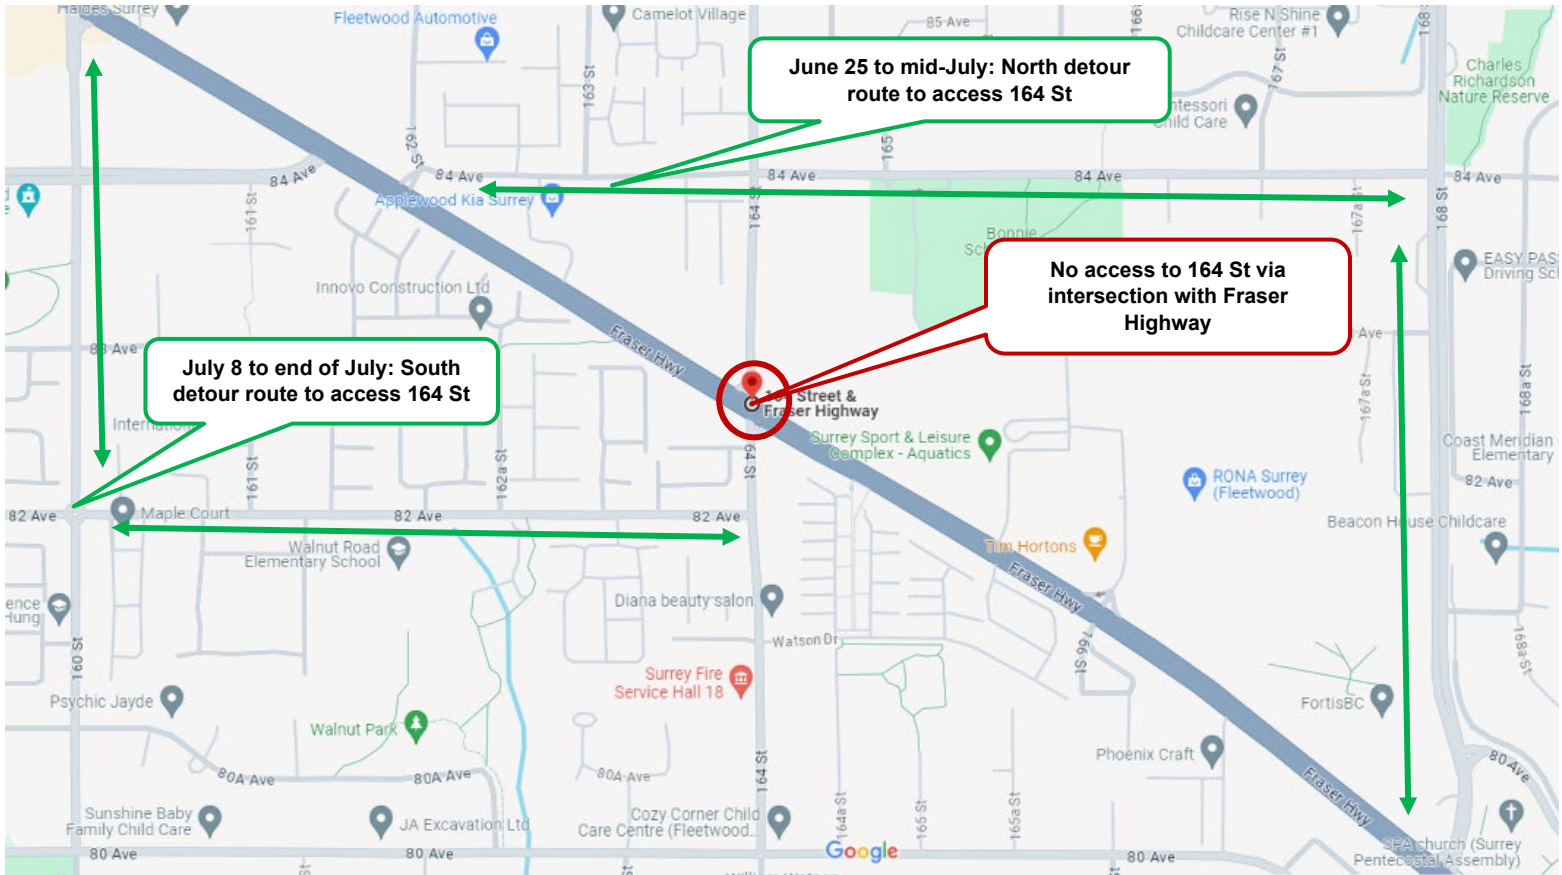

Access to the sports complex and businesses from Fraser Highway and 166 St will be maintained all the times. Please refer to page 2 for a map detailing detour routes.

Safety is our top priority. Sidewalks, bike lanes and bus stops on this route will be impacted and may not be available. Please follow the onsite signage provided by TransLink and the direction of crew on site.

Drivers are advised to plan ahead and expect delays. Please reduce speed in the construction zone and follow the directions of traffic control personnel and posted signage.

If you have any questions or would like more information about our work to relocate the power lines and equipment, please contact us at 1-866-647-3334. Look for additional updates at www.bchydro.com/skytrain

For inquiries directly related to the SkyTrain extension project, please contact surreylangleyskytrain@gov.bc.ca
