

Construction Notice – Electrical Upgrade Work

Fraser Highway, from 179 Street and 182 Street, Surrey

Aug 27, 2024

We're working closely with the Surrey Langley SkyTrain Project team to accommodate the rapid transit extension from Surrey to Langley. This work includes the installation of a duct bank to accommodate the relocation of power lines from the north side of Fraser Highway to the south side.

A duct bank is a series of plastic conduits encased in concrete that house and protect underground cables. Construction will result in some eastbound and westbound lane closures and will impact driveway access on Fraser Highway.

Where: Fraser Highway from 179 Street to 182 Street, in Surrey.

When: Anticipated to start September 3 with targeted completion by the end of September.

Working Hours: Monday to Saturday from 7 a.m. to 5 p.m.

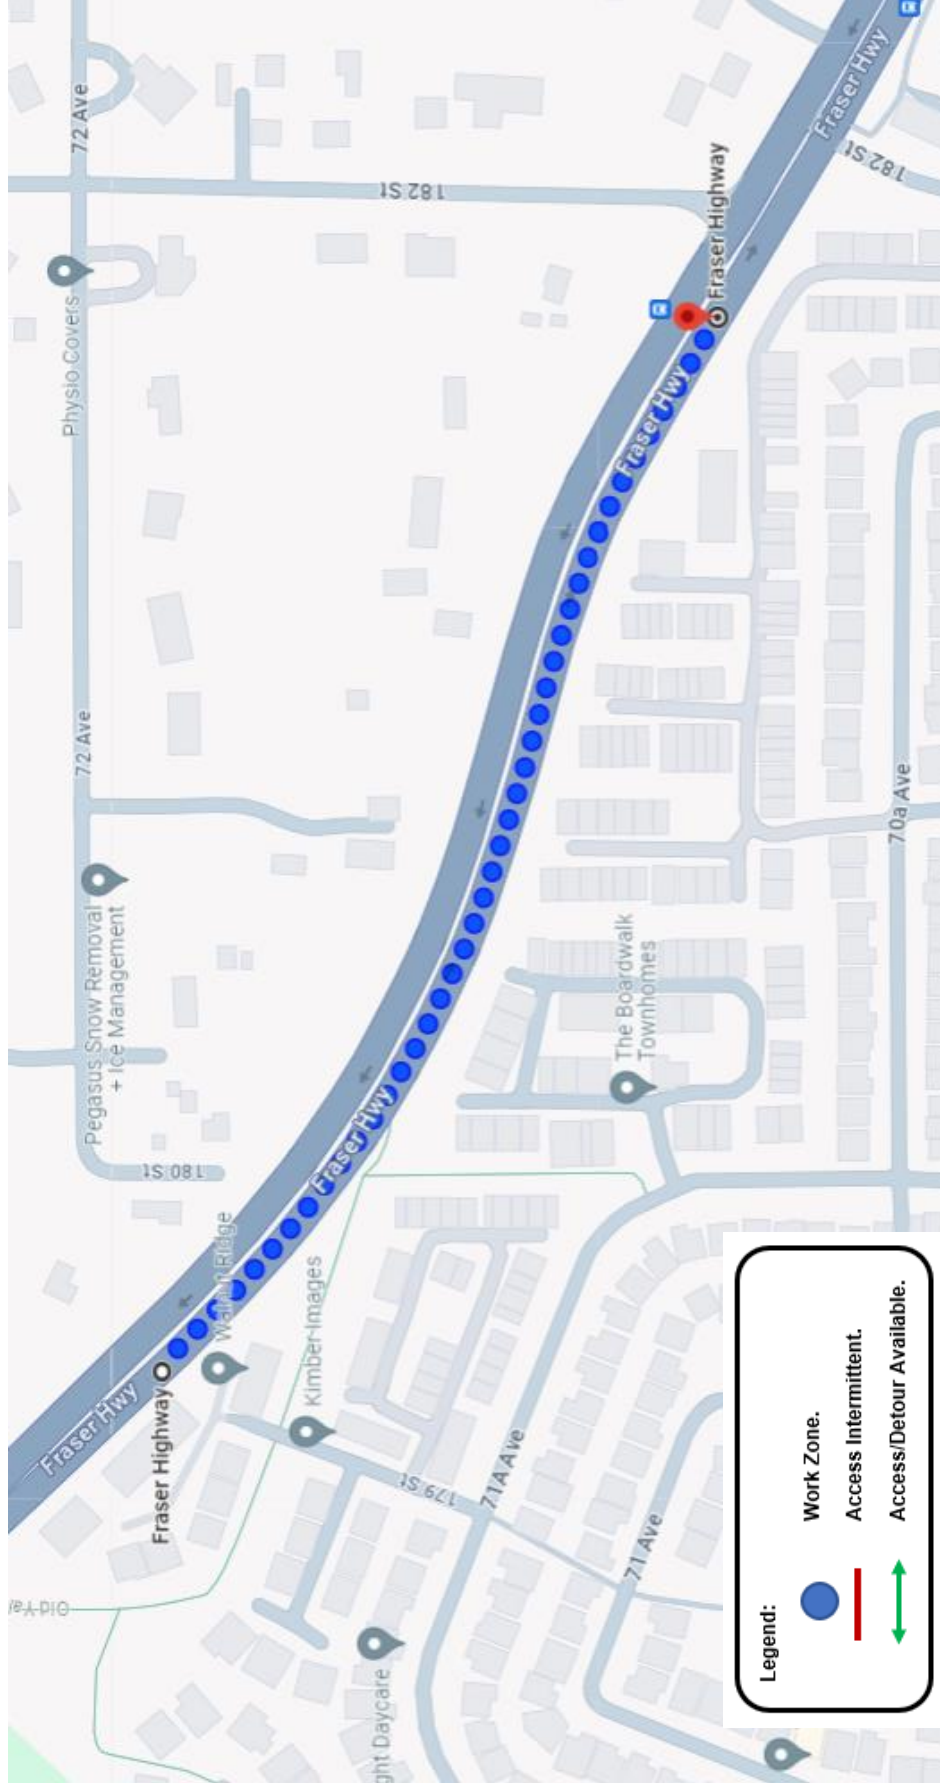

This work requires temporary traffic pattern changes. Traffic will be reduced to a single lane, in each direction along Fraser Highway. Please refer to page 2 for a map.

Safety is our top priority. Sidewalks, bike lanes and bus stops on this route will be impacted and may not be available. Please follow the onsite signage provided by TransLink and the direction of the crew on site.

Drivers are advised to plan ahead and expect delays. Please reduce speed in the construction zone and follow the directions of traffic control personnel and posted signage.

If you have any questions or would like more information about our work to relocate the power lines and equipment, please contact us at 1-866-647-3334. Look for additional updates at www.bchydro.com/skytrain.

For inquiries directly related to the SkyTrain extension project, please contact surreylangleyskytrain@gov.bc.ca
