

UPDATED Construction Notice

64 Avenue between Fraser Highway and 192 Street, Surrey

September 4, 2026

We're working closely with the Surrey Langley SkyTrain Project team to accommodate the rapid transit extension from Surrey to Langley. This work includes the installation of new electrical poles and a duct bank to accommodate the relocation of power lines along Fraser Highway and adjacent intersections.

Safety is our top priority. Trucks and machinery are currently working on 64 Avenue, between Fraser Highway and 192 Street. This includes crews with heavy equipment working on excavation in open trenches.

Where: 64 Avenue between Fraser Highway and 192 Street in Surrey.

When (UPDATED): Work is progressing with targeted completion by mid-September.

Working Hours (UPDATED): Weekdays (excluding holidays) from 7:00 a.m. to 7:00 p.m.

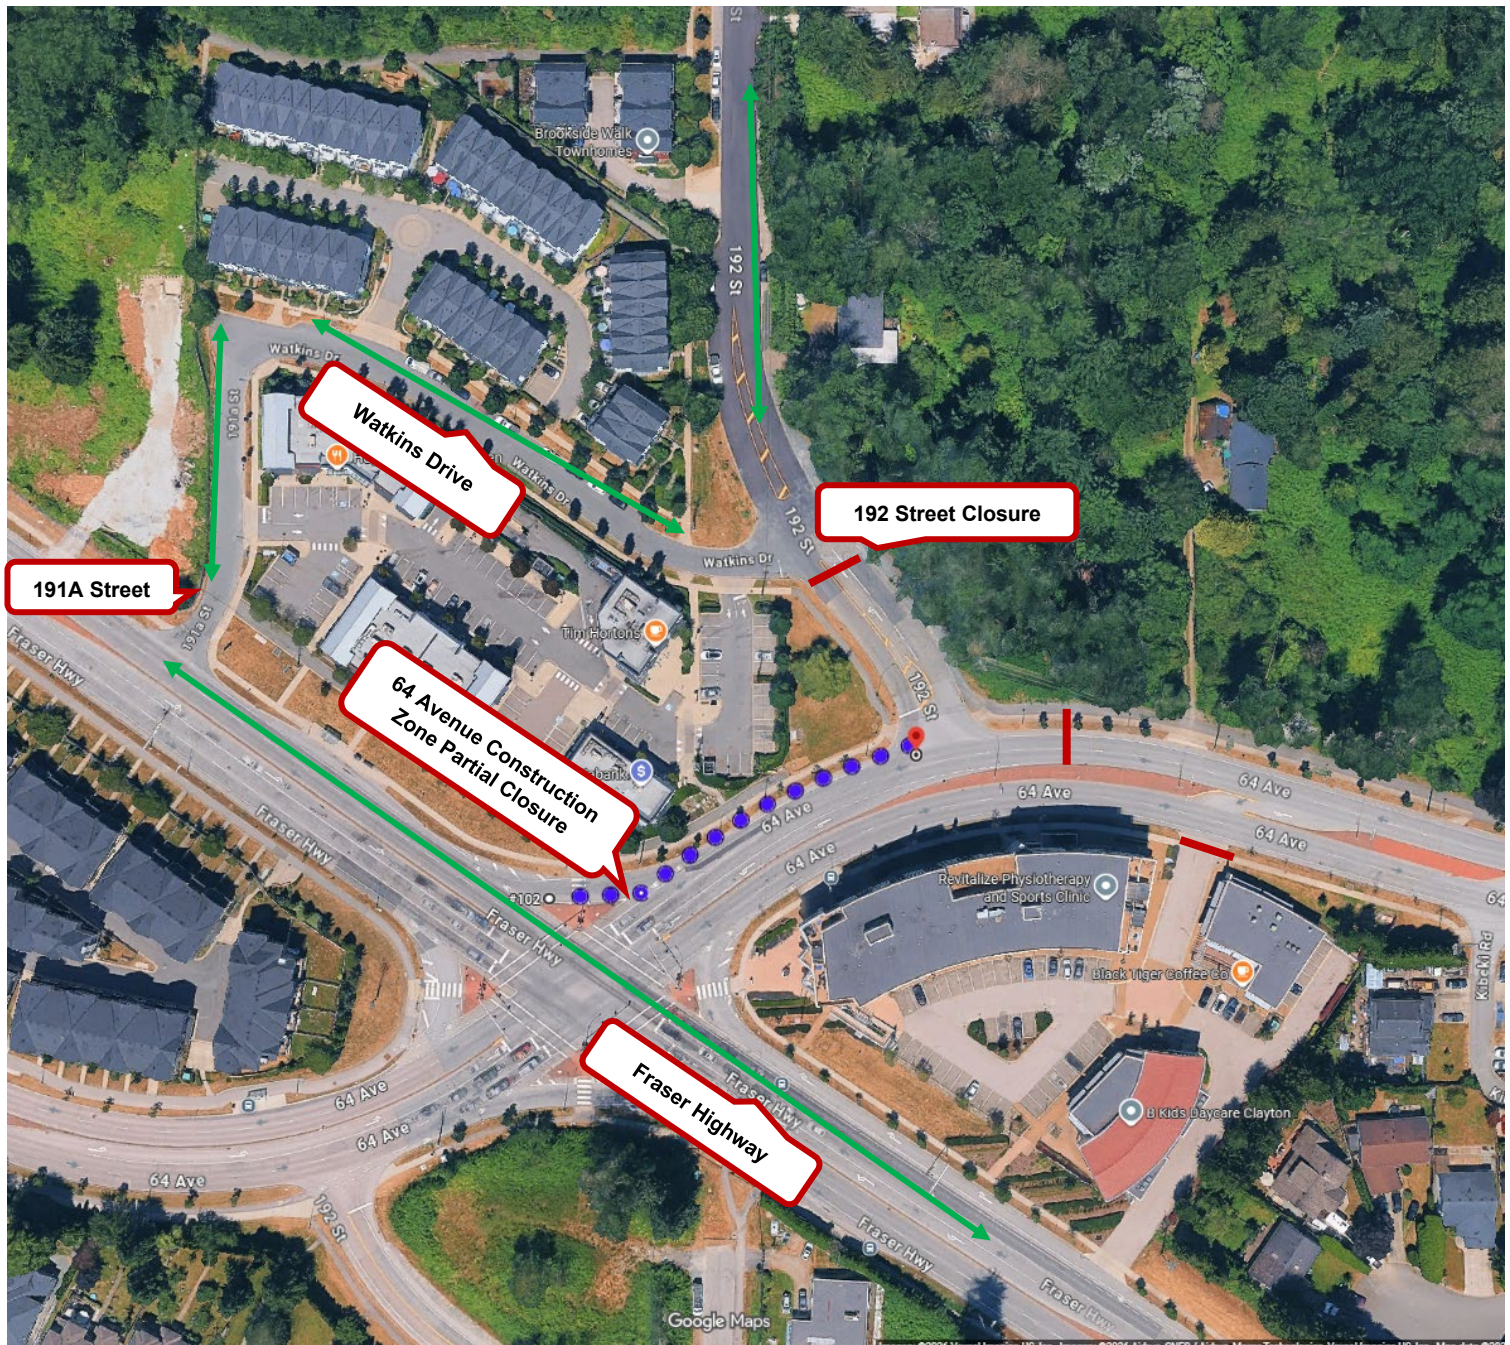

Construction by its nature, can be noisy, but we will endeavour to minimize noise levels as much as possible. The temporary construction impacts include a partial closure of 192 Street at 64 Avenue to accommodate open-trench work. Traffic will be reduced to a single lane in each direction along 64 Ave and Fraser Highway, with lane disruptions and turning restrictions (map on page 2).

Detour: Residential and business access will be maintained from 191A Street and Watkins Drive during the closure of 192 Street. Street parking along Watkins Drive will be limited and may not be available.

Business and residential access will be maintained from Fraser Highway. Drivers are advised to plan ahead and expect delays. Please reduce speed in the construction zone and follow the directions of traffic control personnel.

Bus stops will be temporarily impacted on Fraser Highway and may not be available. Please follow the on-site signage provided and the on-site crew directions. If you have any questions or would like more information about our work to relocate the power lines and equipment, please contact us at 1-866-647-3334. Look for additional updates at bchydro.com/skytrain.
