

## Construction Notice – Electrical Upgrade Work Fraser Highway, 84 Avenue to 164 Street, Surrey

July 19, 2024

We're working closely with the Surrey Langley SkyTrain Project team to accommodate the rapid transit extension from Surrey to Langley. This work includes the installation of a duct bank to accommodate the relocation of power lines from the north side of Fraser Highway to the south side.

A duct bank is a series of plastic conduits encased in concrete that house and protect underground cables. Construction will result in some eastbound and westbound lane closures and will impact driveway access on Fraser Highway.

**Where:** Fraser Highway, from 84 Ave to 164 St in Surrey

**When:** Anticipated to start July 29 with targeted completion by mid-August.

**Working Hours:** Monday to Saturday from 7 a.m. to 5 p.m.

This work requires temporary traffic pattern changes. Traffic will be reduced to a single lane, in each direction along Fraser Highway. Access to residences and businesses (north and south) of Fraser Highway will not be available at certain times.

- To access the residences south of Fraser Highway, please go south on 164 St to 82 Ave, then north on 162A St and 83 Ave.
- To access businesses north of Fraser Highway, please go north on 164 St to 84 Ave.
- Access to 164 St from Fraser Highway will be maintained.

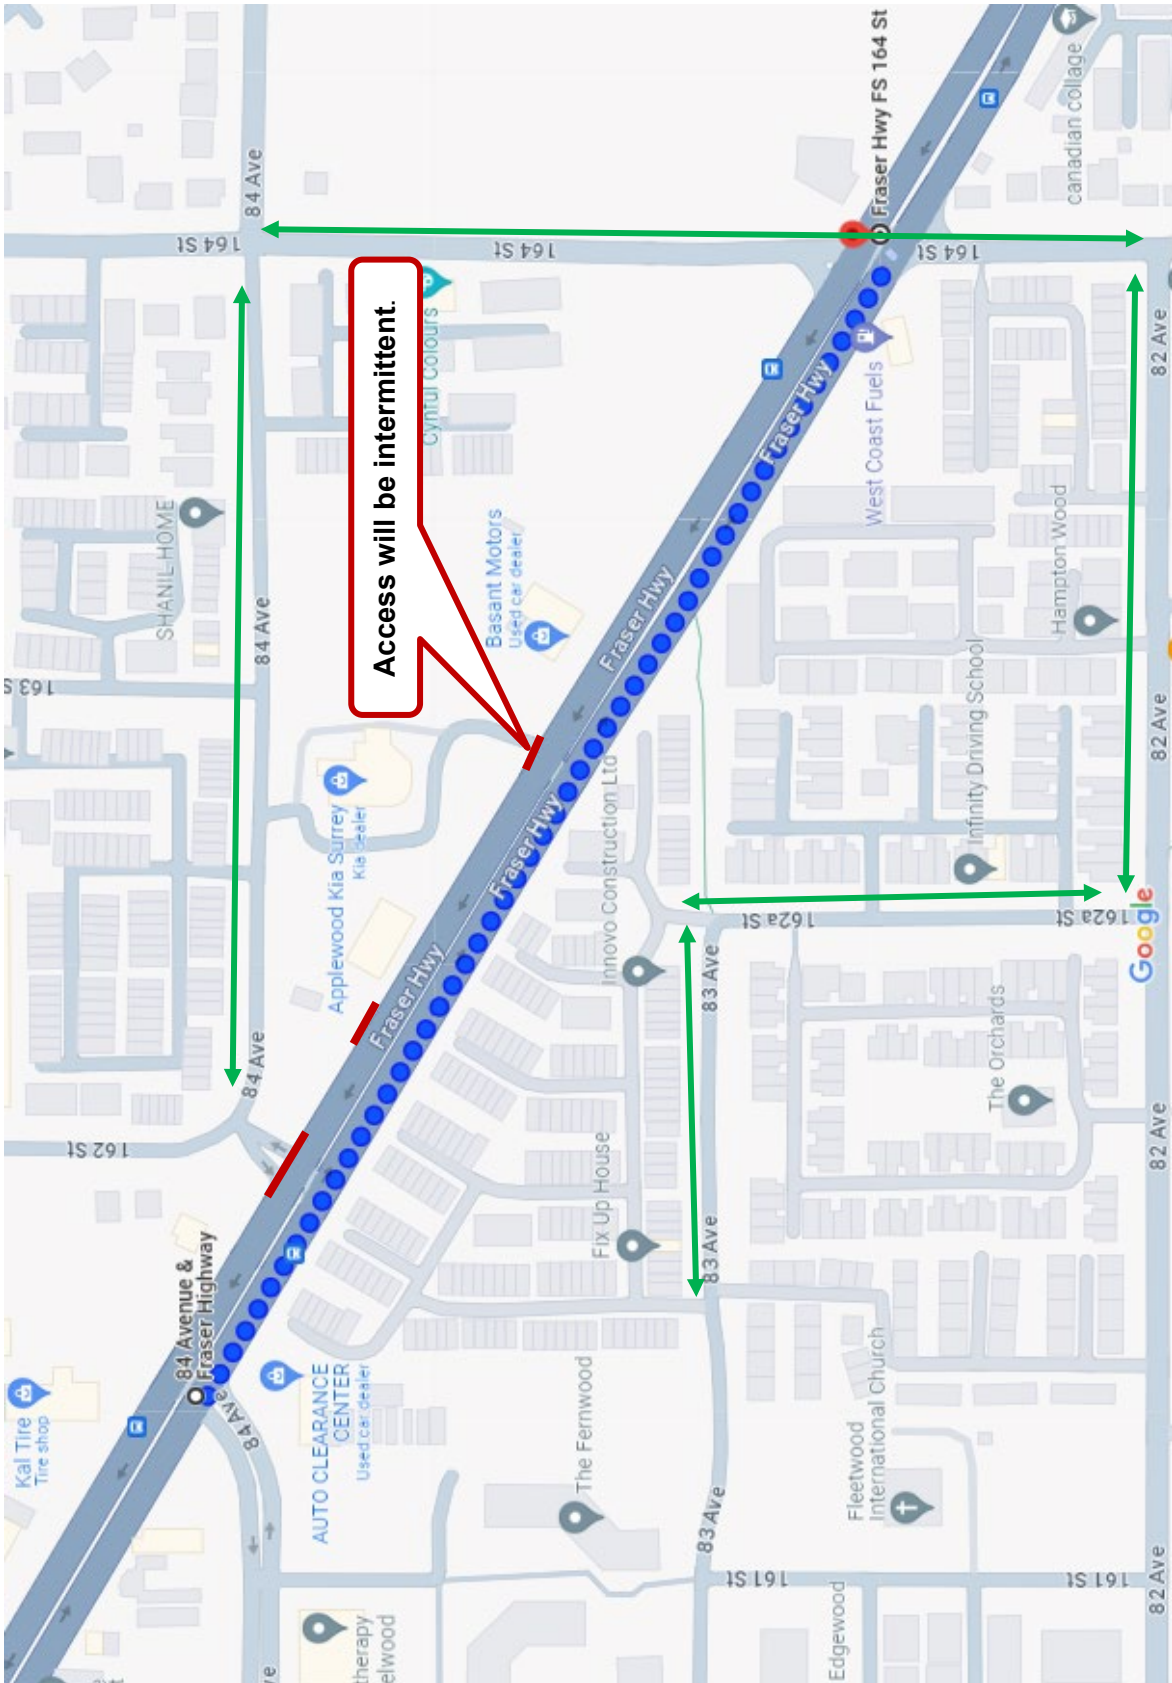

Please refer to page 2 for a map with detailed detours.

Safety is our top priority. Sidewalks, bike lanes and bus stops on this route will be impacted and may not be available. Please follow the onsite signage provided by TransLink and the direction of the crew on site.

Drivers are advised to plan ahead and expect delays. Please reduce speed in the construction zone and follow the directions of traffic control personnel and posted signage.

If you have any questions or would like more information about our work to relocate the power lines and equipment, please contact us at 1-866-647-3334. Look for additional updates at [www.bchydro.com/skytrain](http://www.bchydro.com/skytrain)
