

BC Hydro - West End Substation Project - Power Lines

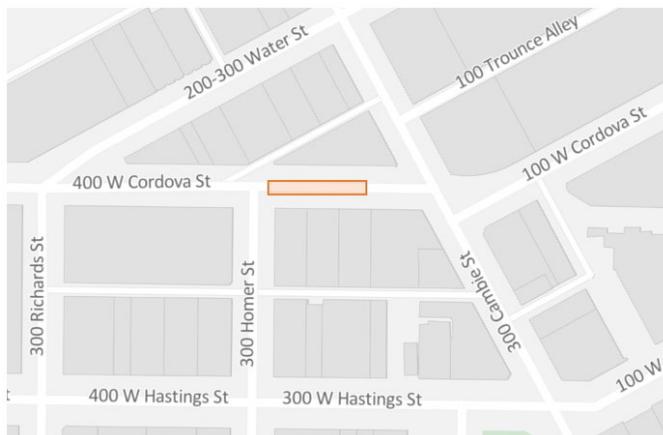

NOTICE OF CONSTRUCTION

In mid-March, our contractor will be working on Cordova Street to help us understand ground conditions. We'll use this information to plan for safe and efficient construction of new power lines in the coming years.

- When:** Saturday, March 14
- Hours:** between 7 a.m. and 8 p.m.
- Where:** Cordova Street, between Homer and Cambie
work will take place in the roadway only
- What:** daylighting work, that is: cutting through the road covering, removing this covering, excavating small holes to shallow depths to identify underground utilities, then refilling the holes and restoring the roadway
- Impacts:** road traffic will be reduced to a single lane road, travelling eastward
west-bound traffic will have to detour at Cambie
parking will not be permitted on this block – see below for alternative parking
bus stop #50036 will be closed during this work – see below for alternative stops
the sidewalk and businesses adjacent to the work will remain open and accessible

During our work, onsite crews and signage will direct people travelling to and through to the work zone and will ensure there is access to businesses. **For your safety, and that of our workers, please follow posted traffic signs and directions from crews.**
