- Addendum #1 to DDMMON-15 Lower Duncan River Protocol Development and Finalization

July 30, 2009
A1 Addendum #1 July 30, 2009: DDMMON #15 Lower Duncan River Stranding Protocol Development and Finalization

A1.1 Addendum Rationale

This addendum is the result of a budget increase to allow for the addition of a workshop in each year of the study. This workshop will be attended by proponents from DDMMON #’s 1, 2, 3, 4, and 16, all of whose projects feed results into DDMMON #15. The additional cost is required for the time and expense for the successful proponent of DDMMON #15 to prepare, organize, and chair this workshop. A 5% contingency not previously submitted has also been added to the first 4 years of the study.

A1.2 Methods

Organize and chair an annual workshop to be attended by representatives from DDMMON#’s 1, 2, 3, 4, and 16. Prior to the meeting, send out an agenda and include any requests for data and results of the respective studies to discuss and include in the development of the stranding protocol.

A1.3 Budget

The additional cost of organizing the workshop is estimated at $4,092 per year in 2009 dollars and would carry through the life of the study until 2018. A 5% contingency has been added to the first 4 years of the study.

| Total Revised Program Cost | $257,049 |
