

Objectives		Sub-objectives	Criteria	Portfolios				
				A	B	C	D	E
Environment	Land	Relative Net Primary Productivity (NPP) (ha per class, gC/m ² /year)	Low (0 to <69)					
			Med (69 to <369)					
			High (>369)					
		Weighted total						
		Linear Density (ha per class, km/km ²)	Wilderness (<0.2)					
			Remote (0.2 to <0.66)					
			Rural (0.66 to 2.2)					
			Urban (>2.2)					
		Weighted total						
		High Priority Species (ha per class, percentile)	0 to <20					
	20 to <40							
	40 to 60							
	60 to 80							
	>80							
	Weighted total							
	Freshwater	Fisheries Priority Species (ha per class of No. of priority species per watershed)	No Priority Species (0)					
			Low Species Diversity (1 to 12)					
			Moderate Species Diversity (13 to 23)					
			High Species Diversity (24 to 38)					
		Weighted total						
		Riparian Area (ha per stream order)	Stream Order 1					
			Stream Order 2					
			Stream Order 3					
			Stream Order 4					
			Stream Order 5					
	Stream Order ≥ 6							
	Weighted total							
	Reservoir Aquatic Area (ha)							
	Affected Stream Length (km)							
	Marine	Bathymetry (ha per class)	Photic (0 to 20 m)					
			Shallow (20 to 200m)					
			Deep (200 to 1000m)					
			Abysal (>1000 m)					
Weighted total								
Valued Ecological Features (ha per class)		None (0)						
		Low (1 to 2)						
		Medium (3 to 5)						
		High (>5)						
Weighted total								
Key Commercial Fishing Areas (ha per class)	no bottom fisheries							
	1 bottom fishery							
	2 to 3 bottom fisheries							
	> 3 bottom fisheries							
Weighted total								
Atmosphere	Greenhouse Gases (tonnes of Carbon Dioxide Equivalent Emissions, CO ₂ e, per year)	Emissions						
		Forest Carbon Sequestration Capacity Loss						
	Air Contaminants (tonnes/year)	Sulphur Dioxide						
		Oxides of Nitrogen						
		Carbon Monoxide						
		Volatile Organic Compounds						
		Fine Particulates, PM 2.5						
		Fine Particulates, PM 10						
		Fine Particulates, PM Total						
		Mercury						
Economic Development	GDP (\$)	GDP (\$)	Construction					
	Employment (FTE's)	Construction	Operations					
			Direct					
	Government Revenue	Construction	Operations	Indirect				
Induced								
Prov Sales Tax								
Personal income tax								
Corporate income tax								
Operations		Construction	Operations	Gas Tax				
				Water rental fee				
				Grants in Lieu				
				Property Tax				
				Prov Sales Tax				
\$	Financial	NPV	Expected NPV					
			Extreme (Tail VaR 90?)
